## Milan | May 2022

I am **Andrea Jarach**, editor of the **Welcome Magazines**, periodicals that we have been publishing for 12 years for international visitors in some of the most important cities for tourism in Italy.

Since last April we have added **Verona** to the traditional editions of **Milan, Venice, Florence and Turin**. We wanted to make an act of faith in the solidity of Italy's tourist attractions. After the storm comes the calm. Welcome Magazine is here to accompany visitors in their discovery of Italy's attractions.

As you can see in the following pages, the Welcome Magazine offers useful information **about events, shopping, food and wine**, everything that can interest the visitor answering the question: "**what can I do, what can I discover during my stay?**".

Our aim is to create memorable experiences of the visit, also by linking together the different opportunities offered by the area. Our mission is to provide essential tourist information for the benefit of visitors who choose wonderful Italy as their destination. You will find the Welcome Magazines in the approximately **500 hotels belonging to the Welcome Magazine circuit in Italy**.

You can therefore use the **traditional paper editions**, but don't miss the chance to browse through the pages of the **digital and interactive editions** also on your computers and smartphones.

As always, you will also be able to access tourist information through our website **www.welcomemagazine.it**, which is always up-to-date and full of ideas for your trip.

Welcome to Italy, discover and enjoy!

questi tati collegano tra loro vari luoghi e spazi dell'edificio della città

- Porta Nuova is a sprawling area, the result of a **project of urban and architectural redevelopment** involving the area that leads from the Porta Garibaldi railway station to Piazza della Repubblica, up to Palazzo Lombardia.
- In 2005, an architectural project curated by American real estate developer Hines focused on transforming the area into a **technological hub** comprising more than **twenty buildings** including skyscrapers, offices, cultural centres and urban residences.
- Several of Milan and Italy's highest and most innovative skyscrapers, including the futuristic CityLife complex (visible in the background), are located in the Porta Nuova district. Among these, the **Torre UniCredit** –housed in the vibrant Piazza Gae Aulenti -, the **Torre Solaria** – the highest residential skyscraper in Italy-, the **Torre Diamante** and the green complex of the **Bosco Verticale** featuring hanging gardens designed by Stefano Boeri.
- The large public park in the middle of the neighbourhood, known as the **BAM Biblioteca degli Alberi**, extending over an area of 90,000 sq.m., was designed to provide a vast number of interconnecting pedestrian paths and to create a real botanical library. The park features over **450 trees** and **90,000 different plant species**, plus recreational areas, themed circular forests, teaching paths and pedestrian and bike paths. In summer, the park is also used to host outdoor concerts and events.

# THE DUOMO'S TERRACES

OVERLOOKING THE CITY

PHOTO: VERONICA FABBRICA DEL DUOMO

— After crossing the threshold of its 18th century façade in **Candoglia marble**, the interior of the Cathedral is revealed in all its majesty. One of the **most important Gothic buildings in the world**, the church, constructed over a period of 450 years (begun 1386), is the symbol of Milan. Built in the shape of a Latin cross, the cathedral is divided by soaring pillars into five naves, the largest of which measures 45 metres in height.

— The interior boasts an apse with a **large rose window**, stained glass windows decorated with episodes from the Bible, chapels and **high marble columns** with capitals featuring statues of saints.

— To experience the Duomo at its most majestic you must **ascend to the roof** (either by elevator or by steps) where you will be surrounded by an outburst of **pinnacles, turrets and marble statuary** and, naturally, the city's famed golden "**Madonnina**". Here you can wander among **135 spires and 3,400 statues**.

— **Guided tours** for small groups help visitors learn about the secrets behind the Duomo's construction. The tour starts from the back of the choir which leads to the **Crypt** housing the tomb of San Carlo Borromeo, and then moves on to the **Archaeological Area** where you'll find the remains of the Battistero di San Giovanni alle Fonti, dating back to 397 A.D. This is where Sant'Ambrogio christened St. Augustine. Next is the old Basilica of Santa Tecla (4th century).

— Before accessing the Cathedral and its treasures, visit the nearby **Museo del Duomo**, located inside Palazzo Reale. The museum houses more than **150 masterpieces** from the 15th century to the present time, including statues, architectural models, plaster casts, terracottas and paintings.

**SOROLLA, PAINTER OF LIGHT**

**EXHIBITION** For the **first time in Italy**, a monographic exhibition traces the rich and successful artistic production of the **Spanish painter Joaquín Sorolla y Bastida** (1863-1923). On display at **Palazzo Reale**, 60 works divided into 5 thematic sections retrace the extraordinary career of this Spanish painter who was among the most appreciated of his time. The works of Sorolla, a great **interpreter of "en plein air" painting**, lead visitors to encounter the **light of the Mediterranean**, to discover it as it passes through **gardens, landscapes and faces**.

### VENETIAN PAINTING DEPICTS FEMINE BEAUTY

**EXHIBITION** At the heart of the exhibition opening this month at **Palazzo Reale**, in collaboration with the Kunsthistorisches Museum in Vienna, is **female beauty**. A strong theme in the **16th century in Venice**, where women take on an importance perhaps never seen before in the history of painting, both because of the presence of **Titian and other artists working in Venice** (who were particularly interested in the representation of the female figure) and because of the importance that women had in Venetian society. Among the masterpieces on display are some of the finest works by **Tintoretto, Veronese and Palma il Vecchio**.

## THE IDENTITY GAME

**CONTEMPORARY ART** Photographs, videos and performances by 11 international artists are brought together in a collective exhibition that investigates identity, identification and role play. The "Role Play" exhibition is curated by Melissa Harris at the **Osservatorio Fondazione Prada**, in the evocative spaces of the Galleria Vittorio Emanuele II.

The project explores the concept of **individuality and self-inquiry**, through role playing and alter egos that project us into **alternative identities**. The tools of this exploration start from photography, cross the language of film and are projected towards the Metaverse and digital avatars, showing themselves as the ideal means for a **reflection on the self and the other**.

**EXHIBITION** An important retrospective dedicated to the Turner Prize and Oscar-winning **Steve McQueen**, British artist, filmmaker and screenwriter. For **Pirelli HangarBicocca**, McQueen has conceived a **site-specific exhibition project** and a new selection of works that unfolds in the Navate and Cubo spaces, and on the exterior of the building. The video installations and works are expanded in the exhibition spaces, creating a **visual and sound experience** that immerses the visitor in an **unprecedented space-time** dimension. ## PINACOTECA AMBROSIANA, 7 MAY-3 JULY ART DIALOGUES

**EXHIBITION** Twenty oil paintings by **Carlo Mattioli**, one of the Italian masters of 20th-century art, in dialogue with **Caravaggio's "The Fruit Basket"**, kept at the Pinacoteca Ambrosiana. An **unprecedented comparison** that makes the contemporary echo of the original heard, four hundred years after its creation. This exhibition, which places a contemporary painter such as Mattioli (1911-1994) side by side with a giant of 16th-century painting, shows **how dialogue is possible** without time limits and with different languages. **Figuration** and **abstraction** are the two keys to interpreting the works of Mattioli, who has courageously confronted one of the iconic works of an absolute master such as Caravaggio.

**PHOTOGRAPHY** This exhibition project narrates **two Chinese reportages** by the great exponent of world photojournalism **Henri Cartier-Bresson**, famous for his “decisive instant” in photography. The eye of his lens picks up on **important themes of change in contemporary Chinese history**, presenting to the Western world even aspects kept hidden by regime propaganda. A corpus of over **one hundred original prints** and a collection of documents and archival materials tell the story of two key moments in China’s history: the **fall of the Kuomintang (1948-1949)** and **Mao Zedong’s “Great Leap Forward” (1958)**.

**PHOTOGRAPHY** Triennale Milano and Fondation Cartier present in Italy the first solo exhibition of **French photographer and filmmaker Raymond Depardon**.

Through 300 photographs and two films, the exhibition shows how Depardon's research explores very different worlds and contexts: from rural French communities to the urban suburbs of Glasgow, from life in 1980s New York to psychiatric hospitals in Italian cities in the 1970s.

## A COLLECTION OF COLLECTIONS

**EXHIBITION** From the **Torlonia Collection**, the most important private collection of classical statuary, **96 marbles are on display** at the **Gallerie d'Italia**, including five recently restored works. The Collection's **worldwide exhibition** programme is thus inaugurated in Milan, and will conclude with the identification of a permanent exhibition venue for the new Torlonia Museum. This group of masterpieces is the result of a long series of acquisitions and some significant movements of sculptures between the various residences of the Torlonia family.

The final **section devoted entirely to restoration** is remarkable, where the "Hercules" composed of 112 pieces dialogues with the sculpture of "Leda with a Swan": in both works, various **phases of the cleaning process are visible**, to illustrate the challenges facing contemporary restoration. Gallerie d'Italia has supported this fundamental work of conservation by contributing to this restoration.

## THE WORLD IN BLACK AND WHITE BY FERDINANDO SCIANNA

**PHOTOGRAPHY** With more than **200 black and white photographs** printed in different formats, the exhibition spans the **entire career of the great Sicilian photographer** and develops along a complex narrative path. A special section is dedicated to Italian writer **Leonardo Sciascia** and another, the "Bibliography", with a selection of Scianna's books. **Wars and weddings, fashion and feelings, people and communities:** his eye fixes images forever that become, at the very moment they are taken, part of our memory.

*"I have always made a clear distinction between found and constructed images. I have always considered that I belong to the side of photographers who find images, those that tell and tell you, as in a mirror. Even fashion photographs I have always found in the hazard of encounters with the world". (Ferdinando Scianna)*

### THE NEW 2022 COMMUNICATION

One of the posters designed by Italian artist Emiliano Ponzi for the new communication campaign for the 60th edition of the Salone del Mobile. Milano. A different poster has been developed for each decade of the Salone del Mobile's history, representing the link with the city of Milan in different aspects: from the working-class city to fashion and design. By framing the QR code on each poster, the illustrations will come alive through an App, leaving behind a static and flat dimension to move into reality.

### THE SALONE IN SHORT

The 2022 events will bring together **more than 2,000 exhibitors, including more than 600 young designers under 35**. At the fair, the stands will welcome visitors to showcase the new collections and lifestyle concepts of the individual brands: an **immersive visitor experience**. Environmental and social wellbeing will be the theme of “**Design with Nature**”, the installation designed by architect Mario Cucinella for the Salone’s “birthday” and hosted in **S.Project’s pavilion 15**: 1,400 square metres telling of a virtuous ecosystem that would ideally represent the future of living.

The 60th edition of the Salone del Mobile.Milano will also cross the borders of the Fair to arrive in the city: from 7 June, in the **Sala delle Cariatidi of Palazzo Reale**, a monumental **site-specific film installation** will be staged dedicated to 11 values that have always been imprinted in the DNA of the Exhibition. 11 art-house films by 11 great Italian directors will be screened.

The Show will open with a concert at the **Teatro alla Scala** by the Philharmonic Orchestra conducted by **Maestro Lorenzo Viotti** and will be followed by a ballet with **Roberto Bolle** as the extraordinary protagonist.

## LAKESIDE DESTINATION

*Lying North of Milan, the lakes of Lombardy attract visitors thanks to their mild climate, breathtaking scenery, natural beauties and historic and artistic treasures.*

The shores of **Lake Maggiore** wash up on the banks of Piedmont and Lombardy in Italy, while its more austere northern basin lies in the mountainous region of Switzerland. The most famous island, lying just off **Stresa** – a small, elegant town, rich in neoclassic and liberty buildings and a shopping mecca boasting a myriad of boutiques – is **Isola Bella**, anchored like a fantastic ship-garden and dominated by the majestic Palazzo Borromeo, built in the 17th century and rich in art treasures, including the private collection of Milan's most famous aristocratic family. The Borromeo clan also

owned **Rocca di Angera**, an imposing fortress (12th-17th century) boasting opulent ambiances, of which the most famous is the Sala di Giustizia. The "Rocca" also has a medieval garden ([www.isoleborromeo.it](http://www.isoleborromeo.it)).

**Lake Como** is the romantic and worldly older sister of Maggiore and Garda and takes its name from the city of Como. "Must-visit" sights include the Gothic Duomo, the Romanic basilicas of San Fedele and Sant'Abbondio and the neoclassic **Villa Olmo**. Nestling on the banks of Lake Como in Lenno and currently owned by FAI – a private non-profit trust – **Villa del**

Isola Bella (Lake Maggiore)

**Balbianello** is a magnificent example of a perfectly preserved 18th century dwelling. Surrounded by a stunning, terraced panoramic garden, with a breathtaking view of the lake, the Villa is one of the area's most romantic retreats. Standing on the tip of a promontory overlooking the waters of the lake, the Villa was chosen by director George Lucas as one of the evocative settings for the famous "Star Wars" series. Lying just a stone's throw northwest of Como is **Cernobbio**, a small fashionable resort frequented by the wealthy of Europe because of its deluxe hotel **Villa d'Este** and **Villa Erba** where director Luchino Visconti spent his childhood

([www.villaerba.it](http://www.villaerba.it)). Continuing North, we find **Isola Comacina** a jewel of art and nature, rich in Mediterranean vegetation and one of the most important archaeological sites of the dark ages in Northern Italy ([www.isolacomacina.it](http://www.isolacomacina.it)). In nearby Tremezzo, don't miss a visit to the Baroque-style **Villa Carlotta**, featuring an Italian garden and sculptures by Canova. At the junction of the southern arm of the lake lies **Bellagio**, also referred to as the pearl of Como, set in a strategic position to soak up the panorama.

Don't miss a visit to the other lakes that are also easily accessible from Milan. These include **Lake Orta**,

with the old Island of San Giulio, dominated by the Romanesque basilica, the Palazzo Vescovile and the monastery (by car from Milan: take the A26 autostrada and exit at either Borgomanero or

Arona). Situated just moments from the lake, we find the UNESCO world heritage site of Sacro Monte di Varallo (16th century) with its magnificent basilica and reconstruction of the life of Christ in 45 chapels.

### SANTA CATERINA DEL SASSO A hermitage perched on a rocky overhang

According to tradition, the **hermitage of Santa Caterina del Sasso** (75 km from Milan) was founded in the 12th century by Alberto Besozzi, a rich local merchant who, after having survived a heavy storm while crossing **Lake Maggiore**, decided to give up his worldly goods and live the life of a hermit. The particular appeal of this hermitage (which contains important frescoes) is mostly due to its **astonishing location**, perched on a rocky overhang with a sheer drop down to the Lake.

# Strolling through Milan

*Milan, famous for being one of the fashion capitals of the world, has always something new to reveal, from its main shopping streets, always up-to-date with trends from abroad, to fabulous niche venues with sought-after products.*

## THE LEGENDARY MONTENAPOLEONE

The **Quadrilatero della Moda**, or **Golden Quad**, is situated just east of the Piazza della Scala, amidst four of Milan's **most expensive and prestigious shopping streets**, namely via Montenapoleone, via Manzoni, via della Spiga and corso Venezia. It is here that the most important **fashion designers** offer their luxurious creations. It's an open-air shopping mall, where **haute couture** takes centre stage and with its cornucopia of eye-catching window displays it make the eyes of even the most hardened fashionistas sparkle. In just a **few hundred metres**, you'll find everything your heart desires, including boutiques, museums, restaurants and luxury hotels.

## CORSO VITTORIO EMANUELE & VIA TORINO: TRENDY SHOPPING

Trendy venues can be found starting from Piazza Duomo and corso Vittorio Emanuele II which leads to piazza San Babila, and the nearby via Torino, which stretches as far as porta Ticinese. These are the shopping meccas for youngsters and fashion-interested, in search of the latest trends. These areas boast **loads and loads of shops** and it's easy to get lost among the myriad offers of ever-changing, ready-to-wear fashion.

### DUOMO: THE HEART OF THE CITY

WINDOW  
1 h  
SHOPPING

Milan's historic centre is contained within a relatively small area which is now mostly closed to traffic, meaning that it's **easy to explore on foot**. There's no need to choose between planning a 'cultural' itinerary or a 'shopping' itinerary because you can combine the two and get the most out of both. This area is home to **myriad shops**, including big-name fashion brands, **historic 'botteghe'** and some of the city's most sought-after **cafés, bars and eateries**. In the space of just a few kilometers you'll find the Duomo, the Galleria, Teatro alla Scala, the Castle, the ancient Basilica di Sant'Ambrogio, as well as sporadic traces of 'Roman Milan', which was the first settlement and the predecessor of present-day Milan. In the immediate vicinity, overlooking the various sides of the large square surrounding it, you'll find several of the world's most exclusive addresses. For the **ultimate one-stop shopping experience** look no further than the Rinascente flagship store (under the arcades): an amazing array of fashion items under just one roof!

### PORTA NUOVA: MODERN TIMES

WINDOW  
30 min  
SHOPPING

Beneath the imposing UniCredit Tower, one of the symbols of the Milanese skyline, you'll find the newest and most modern part of Milan, home to the skyscrapers of **Porta Nuova** and **Piazza Gae Aulenti**, a real jewel of architecture and design with its increasing number of boutiques. This is really one of Milan's most **contemporary**, fashionable districts, bursting with buzzy bars that cater to the traditional aperitivo ritual, a destination where hip youngsters are always in the limelight. In addition to the latter, the area also contains the **Corso Como** complex, where you'll find some of the most famous and fanciest clubs in Milan alongside fashion and art hotspots. If shopping is your objective you'll be spoilt for choice in **piazza Gae Aulenti**. The piazza hosts numerous bookshops, perfumeries and design or clothing shops.

## THE GALLERIA: A FASHION VICTIM'S PARADISE

WINDOW  
30 min  
SHOPPING

Another reference point for upmarket shopping is the **picturesque, iconic and simply spectacular Galleria Vittorio Emanuele II**, home to the fashion giants and several high-class restaurants: a unique destination whose upper and lower spaces are well worth a visit. After honoring the Milanese tradition that requires firmly grinding the heel of your shoe into a bull depicted on the mosaic floor of the Galleria, which is said to bring luck, you can indulge yourself by purchasing something from one of the **fabulous boutiques** lining the Galleria.

## EDITOR'S TIP

# Pisa Diamanti

## Milanese high jewellery

**Pisa Orologeria** is a reference point for haute horlogerie in Italy and has extended its range with the **Pisa Diamanti high jewelry brand**.

From the desire of Maristella and Chiara Pisa to express their values and vision through a line of jewellery, this collection adds a touch of femininity to the universe of Pisa Orologeria.

**Sobriety, elegance, attention to detail and the search for quality** are the leitmotif of the Milanese brand, which expresses itself in the jewels with essential lines, enhanced by precious materials such as gemstones.

**Tennis, solitaires, earrings and pendant light points** are the declinations of a classic and timeless aesthetic canon, to which is added the quirk of a watch hand-shaped griffe, embellished with a **diamond** setting.

In addition to the proposals for women, there are now contemporary and decidedly recognisable **lines for men**, with precious **cufflinks and chevalier rings**.

## Tax Free Refund Guide

According to the Italian law, non-EU resident travellers may be granted VAT relief/refund for goods intended for personal or family use purchased in Italy. This relief is surely **an advantage for the foreign travellers**: in fact, it allows to save from a minimum of 4% up to a maximum of 22% of the selling price of the goods purchased. Here is a **short guide** according to the **Italian legislation** to discover the common system of value added **tax exclusively for non-EU resident travellers**.

1. VAT (in Italian: IVA) is a **value added tax** on goods and services, and is part of the European Union's value added tax system.
2. In some cases, travellers may be granted a **VAT refund**. This refund does not cover the services supplied by hotels, restaurants, taxis or agencies.
3. You may be eligible for a VAT refund provided that:
  - you are a **non-EU resident**;
  - the goods purchased are intended **for personal or family use** only and are carried in your luggage;
- the overall value of the goods purchased exceeds **154,94 Euro** (VAT included);
- the purchase is certified by an **invoice**. This invoice should include a description of the goods purchased, your personal information as well as the details of your passport or any other equivalent document;
- the goods shall leave the EU territory by the **third month** following the date of issue of the invoice, as proved by the **"customs stamp"**;
- from 1 September 2018, tax free invoices in Italy must be electronically transmitted by the national seller to OTELLO information system (**Online Tax Refund at Exit: Light Lane Optimization**) and their validation is digitally carried out.
- after the digital "customs stamp" is obtained, OTELLO will send a message to the retailer that all the requirements are met and, as a consequence, the retailer will reimburse the amount due or will settle the tax relief.

## Tax Free Refund Guide

- the invoice is **returned to the Italian retailer** within four months after the purchase was made. If the invoice is stamped by other EU countries, it needs to be brought to the shop retailer by the fourth month following that of the purchase.
4. The goods purchased and the relevant invoice must be **shown at the customs** exit point when leaving EU territory (if you intend to pack the purchased items into your check-in luggage, you must go to Customs **BEFORE checking in**).
  5. After leaving EU territory, the traveller must return the original invoice, regularly endorsed by the customs office, to the Italian retailer. Said invoice must be returned within four months from the date when the document was issued.
  6. The refund can be made **directly by the Italian retailer** (however, make sure that the shop you've chosen displays a "Tax Free Shopping" or "Euro Tax Free" sign in its window).
  7. Several **Tax-Free companies are able to offer immediate VAT cash refunds** when the goods leave either Italian or EU territory (thus exonerating the passenger from having to return the invoice to the retailer). However, this procedure only applies at major international airports or main border crossings. **Most major department stores have Tax Free Refund offices**.
  8. The services provided by Tax-Free companies imply the payment of a small administrative sum which is **directly deducted** from the amount of VAT refunded to the traveller.
  9. In the event of a traveller not receiving a VAT refund within a reasonable period of time, he or she should re-contact the Italian retailer or one of the aforementioned companies.
  10. However, please note, VAT cannot be refunded directly by customs offices.

### >> INSIDER TIPS

- **Breakfast time** in Italy can be from 6am to 11am, depending on what time you got up, and it usually includes a cappuccino, which is a morning drink, and “cornetto” or other sweet pastries.
- **Lunchtime** usually ranges from midday to 2pm (that is why many of the shops of the shops close in these hours), **dinnertime** from 8pm to 10pm.
- Between 6pm and 9pm it's **aperitivo time**, an Italian tradition started in Milan. If you're feeling hungry between 3pm and 5pm then it's time for you to have a “merenda”, a quick snack between the two main meals. Should you be hungry at late night, you can check several list of **late-night restaurants in Milan**.
- Never forget to check the restaurant's **weekly closing day**, which – most of the time – will be Monday.
- **Reservations** for most restaurants are strongly advised.
- In Italy, service is included in the price meaning that although **tippling is not compulsory** but it is obviously appreciated as a sign of satisfaction.
- Some menus include the word “**coperto**”, a small surcharge corresponding to the cost of the service and bread (usually between 1 and 3 euros per person).
- If you want **tap water**, you should specify it to the waiting staff of the restaurant or bar, asking for a glass of “acqua di rubinetto”.
- Although no dress code exists in Italy, **semiformal clothing** is usually considered de rigueur at restaurants.
- All restaurants and bars are **non-smoking** unless a separate smokers' area is specifically offered.

At Obicà - which in Neapolitan dialect means "Here it is!" - the protagonist is **Mozzarella** (in the classic or smoked version or in the "bocconcini" format) made **exclusively from buffalo milk**. The selection of dairy products is completed by "Straciatella"

and "Burrata" from Puglia and "Ricotta di Bufala". Alongside dairy products, it is also possible to enjoy "**Small Tasting**" or "**Gran Tagliere**" of cold cuts. The Mozzarella Bar's menu also includes leavened items such as "Gnocco Fritto", "Focaccia" and "Crostini" in different variations, and another iconic dish: **Pizza**, prepared with stone-ground flour from 100% Italian wheat.

## Milanese tasting

Milan offers a cuisine featuring a number of truly unusual flavours. Here is a brief guide to make sure that you don't miss out on several of the city's best and most typical recipes.

Cotoletta alla Milanese

RISTORANTE DA GIANNINO - PH © CARMINE ARRICHIELLO

### RISOTTO ALLO ZAFFERANO

This is one of the few dishes boasting a specific "birth date". In fact, legend has it that, on 8 September 1574, master glassmaker Valerio di Fiandra was presented with a dish of **saffron-coloured rice** at his daughter's wedding feast after which time it became an iconic dish of Milanese cuisine. Master Chef Gualtiero Marchesi has transformed this delicacy into a real work of art, with the addition of a square of edible gold leaf! We also suggest trying its crunchier version: so-called "riso al salto". Try the creative dishes signed by Carlo Cracco at his restaurant in Galleria Vittorio Emanuele ([www.ristorantecracco.it](http://www.ristorantecracco.it))

### COTOLETTA ALLA MILANESE

Mentioned for the first time in 1500 at the court of the Sforza, its "invention" was a source of contention with the Viennese who laid claim to its origin. According to the traditional recipe, the **veal slices** used should be at least as thick as a finger, **coated in egg and bread** crumbs and deep fried in butter. One of the best places to eat breaded veal cutlets in Milan is at "Da Giannino" ([www.gianninoristorante.it](http://www.gianninoristorante.it)) or at the "Al Garghet" restaurant ([www.algarghet.it](http://www.algarghet.it)).

### TRIFE (OR BUSECCA)

A hearty winter dish that will keep the cold out, its main ingredient is the **stomach lining of sheep or cows**. It was originally served to celebrate special occasions in the peasant world. Upgrades include the addition of oysters and caviar and can be sampled at Michelin-starred osteria, "Al Pont de Ferr" at the Navigli district ([pontdeferr.it](http://pontdeferr.it)).

### CASSOEULA

According to the history books, composer and conductor Arturo Toscanini was mad about this dish made from **pork** (sausages, pork rinds and spare ribs) and **cabbage**.

### Mondeghili

PH © GUALTIERO MARCHESI

Cassoeula

Tripe

For a taste of old-world Milan, suggest you try it at “Antica Trattoria della Pesa” in Via Pasubio ([www.anticatrattoriadellapesa.com](http://www.anticatrattoriadellapesa.com)).

### MONDEGHILI

Small **meat balls fried** in butter and oil and a signature dish of renowned chef Bruno Barbieri who has made them an art form. You can taste the traditional Milanese meat balls at “Al Matarel” ([www.almatarel.it](http://www.almatarel.it)).

### PANETTONE

Boasting 500 years of tradition, panettone is a type of large, **sweet bread**, leavened very slowly and enriched with **raisins and candied fruit**. Amidst history and legend, the theories as to the origins of panettone vary widely. One of the most romantic is the story linking its invention to Ugo, a young falconer employed by Prince Ludovico il Moro. Ugo yearned to conquer the heart of the daughter of a poor baker named Toni.

To win her over, the nobleman disguised himself as a baker and invented a rich bread in which he added to the flour and yeast, butter, eggs, dried raisins and candied lemon and orange peel. The fame of the bread spread far and wide and became known as “**Pan del Toni**” (Toni’s bread). According to history, the tradition of panettone is documented by a manuscript conserved at the Biblioteca Ambrosiana dating back to the 15th century. Already at that time, on the night of 24 December, it was customary for the pater familias to place a huge log in the fireplace and to slice the large loaf of bread which he then distributed among those present. From a gastronomic point of view, the distinguishing feature of panettone is that it is **leavened two or three times**. Its golden colour derives from the skilful combination of butter and egg yolks, while its overall beauty is completed by the orange, green and brown notes resulting from the addition of candied fruit and raisins. The gourmet trick is to warm it for a few minutes in front of an open oven or on top of a radiator before serving it.

## Discover the Lake Garda

Just 2 hours from Milan, the “small see” between plains and mountains attracts millions of visitors every year.

>> **A special "Lake Garda Tour" ticket combines a train ticket to Desenzano or Peschiera with free navigation on the lower lake.**  
[www.trenord.it/en/giteintreno/lakes/](http://www.trenord.it/en/giteintreno/lakes/)

Surrounded by three regions – Lombardy, Trentino Alto-Adige and the Veneto – Italy's largest lake is one of the most important tourist destinations in the country. Lake Garda is characterized by a mild climate all year round, its old-fashioned atmosphere and its breathtaking scenery, including scenic roads along the coast, Renaissance villas, Romanesque hamlets, picturesque villages, seaside resorts, historical remains, harbours, parks and nature reserves. A destination capable of satisfying **nature lovers**, those who want to discover places rich in **history and culture**, as well as the more sporty who can enjoy trekking, excursions and above all, thanks to the constant winds, **water sports**.

## Milan is the home of the Aperitivo

**Aperitivo and Happy Hour in the city are most definitely a ritual which no Milanese is prepared to forego**

The Aperitivo, the beloved Milanese tradition of pre-dinner drinks, is accompanied by complimentary “stuzzichini” and an all-you-can-eat buffet. Spreads range from traditional olives, nuts, cheeses and potato chips to awesome pasta dishes, “bruschetta”, cold cuts, crudités, raw fish and fruit salads. Generally, lasting **for 3 hours from 6 to 9pm** (though most people rarely get there until 7pm), the aperitivo scene has become an **evening meeting** for people of all ages. Cocktails – alcoholic or not – are expertly mixed and a Negroni, Negroni sbagliato

(a delicious mix of prosecco, red vermouth and Aperol instead of gin) or a Spritz are **Milanese specialties**. Favourite beverages consumed during this beloved tradition in Milan include also the city's renowned Martini, Prosecco or Campari, accompanied by an all-you-can-eat buffet.

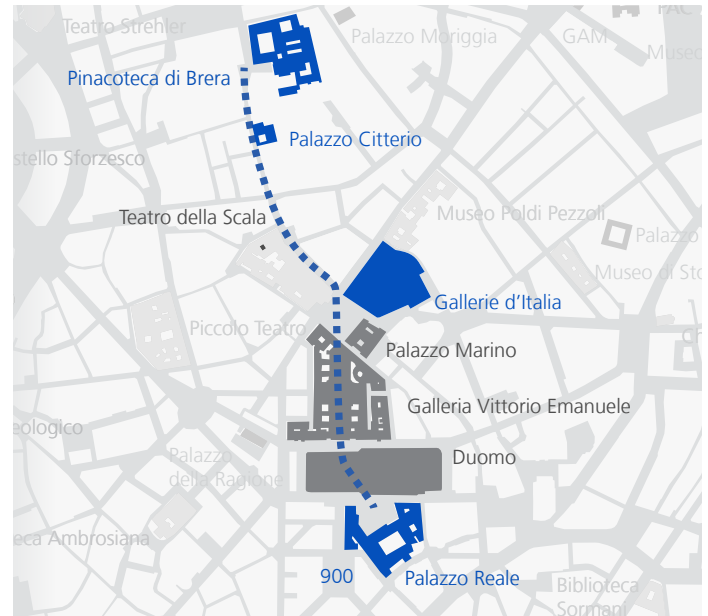

## In the footsteps of Leonardo

La Vigna di Leonardo is just a short distance from the Church of Santa Maria delle Grazie where Leonardo painted The Last Supper.

>> **La Vigna di Leonardo. (Casa degli Atellani). Corso Magenta, 65. [www.vignadileonardo.com](http://www.vignadileonardo.com)**

It's one of the landmark locations frequented by Leonardo da Vinci, an unknown piece of history, imbued with mystery. To mark the opening of Expo 2015, researchers excavated the plot where **Leonardo's vineyard** once stood in the gardens of the **Casa degli Atellani**, a magnificent Renaissance dwelling situated in front of the Church of **Santa Maria delle Grazie**. The **House and Vineyard museum tour** is divided into seven designated areas (the courtyards of Piero Portaluppi, the Zodiac Hall, the Luini Hall, Ettore Conti's studio, the Staircase Hall, the Garden of Earthly Delights – the novellas of Matteo Bandello and Leonardo's Vineyard).

## Milan's Street of Art

The city of Milan is enriched by an **art circuit** featuring the city's three main museum hubs: the **Pinacoteca di Brera**, the **Gallerie d'Italia** in piazza della Scala and the civic complex consisting of **Palazzo Reale** and the **Museo del Novecento**. An itinerary extending over **900 metres**, that can be crossed on foot in **just 15 minutes**, from via Brera to piazzetta Reale, cutting through piazza Scala and the Galleria Vittorio Emanuele II, which hosts an extraordinary part of our country's art history, thus making Milan a prestigious international art capital.
