I am glad to welcome you in Milan.

No matter whether you are in our city for business or on holiday, whether you are staying for just one day or decide to spend a week. From the most representative places - such as **Duomo, Galleria Vittorio Emanuele II, Teatro alla Scala** - to those that show the modern face of the city - such as **Porta Nuova** or **CityLife** -, from **Darsena** to the many **city museums**, from the street art works that color our neighborhoods to the most fashionable and niche clubs, Milan will conquer you. You will fall in love with its **26 centuries of history**, its being traditional, international and open to innovation at the same time, I am sure.

I am **Andrea Jarach**, editor of the **Welcome Magazines**, periodicals that we have been publishing for 12 years for international visitors in some of the most important cities for tourism in Italy. Welcome back to Milan!

After the two terrible years of the pandemic, the city finally reopens to life. As you can see in the following pages, the Welcome Magazine offers useful information **about events, shopping, food and wine**, everything that can interest the visitor answering the question: **“what can I do, what can I discover during my stay?”**.

Our aim is to create memorable experiences of the visit, also by linking together the different opportunities offered by the area. Our mission is to provide **essential tourist information** for the benefit of visitors who choose wonderful Italy as their destination. We too have renewed ourselves in recent years, especially with the new carbon-free distribution method that you are probably using now as you read us; thanks to **QR codes**, we can reach the whole world without using paper and avoiding physical transport by road. We have therefore decided as of last month to extend our coverage (information and distribution) to the entire **Lombardy region**. As you know, Lombardy is also mountains and lakes. So don't miss the opportunity to visit the lakes of Lombardy by taking advantage of the train plus lake navigation offer.

The Navigli are artificial canals built 800 years

ago to ferry people and merchandise to Milan. This network was perfected in 1457 by Leonardo da Vinci. Today, the area is bursting with trendy dining and nightlife spots.

SAN SIRO STADIUM 11
With a capacity of 80,000 seats, it is the largest stadium in Italy and the 4th in Europe.

SANT’AMBROGIO 12
One of the most ancient churches in Milan, it was built in 379-386 A.D., in an area where martyrs had been buried.

PORTA NUOVA DISTRICT 13
A vibrant, futuristic district overlooking two neighbourhoods: the Garibaldi and Isola districts. The heart of the area is the large

raised square dedicated to architect and designer Gae Aulenti. Just a little further on you will encounter the Bosco Verticale with the new Biblioteca degli Alberi.

WELCOME TO LOMBARDY

The Lombardy region is **one of the richest in attractions in Italy**. The area, between Switzerland and Emilia-Romagna, Veneto and Piedmont, offers countless **destinations for day trips** from Milan.

In addition to **Milan**, there are **11 main cities** that preserve traces of centuries of art and culture - Bergamo, Brescia, Como, Cremona, Lecco, Mantua, Monza and Brianza, Pavia, Sondrio and Varese - and hundreds of smaller villages with **art, history and traditions**. But Lombardy also has some unmissable natural beauty, such as the vast Po Valley, the parks and the Pre-Alps with the five largest lakes: Garda, Maggiore, Como, Iseo, Lugano and Ceresio.

With its **10 Unesco Sites**, as well as **3 intangible heritages** including the lutherie art of Cremona, Lombardy is the Italian region with the largest number of such sites: Valle Camonica's Rock Art, Santa Maria delle Grazie and the Cenacolo Vinciano, the Workers' Village of Crespi d'Adda, the Sacred Mountains of Piedmont and Lombardy, the Rhaetian Railway between Tirano and Saint Moritz, Mantua and Sabbioneta, Monte San

Giorgio, the prehistoric pile-dwelling sites in the Alps, the Lombard monuments and the city walls of Bergamo.

For those who love **panoramic places**, a trip to Monte **Isola** is a must, with its breathtaking view of Lake Iseo; to the **Sacro Monte of Varese** with a view over the

plain from the Alps to the Apennines; the **Brunate cable car** with an absolute view of Lake Como; the ascent to the **Torrazzo of Cremona**, the highest masonry tower in Europe; the **Terrazza del Brivido** in Tremosine overlooking Lake Garda at a height of 350 metres.

>> Taking a train trip to Lombardy's cities of art is the ideal way to rediscover, in a comfortable and sustainable way, the beauty of our region's towns, visiting exhibitions, museums and monuments. www.trenord.it/giteintreno/citta-darte

◀ Two cities within a city, **Bergamo** ("Alta" and "Bassa") is linked by two funicular railways. Five kilometres of walls surround domes, towers and palaces, including the **Accademia Carrara**, the Piazza Vecchia, with its Civic Tower and the Palazzo del Podestà, the "perfect" square also loved by the architect Le Corbusier. Sung about for its beauty by famous writers such as Virgil, Baudelaire and Dickens, the city is told through its many monuments, including the Rotonda di San Lorenzo, **Palazzo Te**, Palazzo Ducale and the Duomo. (185 km from Milan)

► Over the course of history, the Romans, the Lombards and the Habsburg and Napoleonic dominations have passed through **Monza**, leaving precious legacies such as the **Villa Reale**, a sumptuous neoclassical palace with its famous park around it, of enormous historical, natural and artistic value, one of the largest in Europe. Every year Monza is ready to host the **Formula 1 Grand Prix** in September. (18 km from Milan)

The historical centre is characterised by stone houses and houses with wooden galleries typical of the most beautiful **mountain towns**. The precious architecture of the **Torre Ligariana** and the historic buildings is remarkable. LAKESIDE DESTINATIONS

Lying North of Milan, each year the lakes of Lombardy attract millions of visitors thanks to their mild climate, breathtaking scenery, natural beauties and historic and artistic treasures. Don't miss a day at the lake with Trenord with special all inclusive train+boat tickets!

The shores of **Lake Maggiore** wash up on the banks of Piedmont and Lombardy in Italy, while its more austere northern basin lies in the mountainous region of Switzerland. The most famous island, lying just off **Stresa** – a small, elegant town, rich in neoclassic and liberty buildings and a shopping mecca boasting a myriad of boutiques – is **Isola Bella**, anchored like a fantastic ship-garden and dominated by the majestic Palazzo Borromeo, built in the 17th century and rich in art treasures, including the private collection of Milan's most famous aristocratic family. The Borromeo clan also owned **Rocca di Angera**, an imposing fortress (12th-17th century) boasting opulent ambiances, of which the most famous is the Sala di Giustizia. The "Rocca" also has a medieval garden (www.isoleborromeo.it).

Lake Como is the romantic and worldly older sister of Maggiore and Garda and takes its name from the city of Como. "Must-visit" sights include the Gothic **Duomo**, the Romanic basilicas of San Fedele and Sant'Abbondio and the neoclassic **Villa Olmo**. Nestling on the banks of Lake Como in Lenno and currently owned by FAI – a private non-profit trust – **Villa del Balbianello** is a magnificent example of a perfectly preserved 18th century dwelling. Surrounded by a stunning, terraced panoramic garden, with a breathtaking view of the lake, the Villa is one of the area's most romantic retreats. Standing on the tip of a promontory overlooking the waters of the lake, the Villa was chosen by director George Lucas as one of the evocative settings for the famous "Star Wars"

series. Lying just a stone's throw northwest of Como is **Cernobbio**, a small fashionable resort frequented by the wealthy of Europe because of its deluxe hotel **Villa d'Este** and **Villa Erba** where director Luchino Visconti spent his childhood (www.villaerba.it). Continuing North, we find Isola Comacina a jewel of art and nature, rich in Mediterranean vegetation and one of the most important archaeological sites of the dark ages in Northern Italy. In nearby Tremezzo, don't miss a visit to the Baroque-style **Villa Carlotta**, featuring an Italian garden and sculptures by Canova. At the junction of the southern arm of the lake lies **Bellagio**, also referred to as the pearl of Como, set in a

strategic position to soak up the panorama.

Don't miss a visit to the other lakes that are also easily accessible from Milan. These include **Lake Lugano**, where the enchanting towns of Morcote, Melide and Lugano offer many cultural attractions and charming itineraries; **Lake Iseo**, a gem of rare beauty nestled between the provinces of Bergamo and Brescia; **Lake Garda** attracting millions of visitors every year thanks to its mild climate, its old-fashioned atmosphere and its breathtaking scenery, including scenic roads along the coast, Renaissance villas, Romanesque hamlets and small villages.

Easy-chic Venetian style

In the heart of the artistic district of Brera, ViBi Venezia recently opened its first flagship store, recreating the atmosphere of a real home.

This new 70 sq.m. boutique overlooking **Piazza del Carmine** offers a suggestive view of the Gothic-style church of the same name. The **Venetian brand**, founded in 2015 by sisters Viola and Vera Arrivabene Valenti Gonzaga, has recreated the atmosphere of a home in this new location, where the aesthetics of **ViBi Venezia** come alive in every detail.

From the symbolic red and white striped pattern of the brand, reproduced in the

large carpet, to the colours of the walls painted by the artist Assia Pallavicino, the store is furnished with elements that belong to the personal history of the two sisters, each with her own personality.

Brass displays, retro-style tables, and raffia baskets unveil **ViBi shoes**, which also steal the show on the large wall at the entrance, where Giberto Arrivabene Murano glass artefacts alternate, recalling the brand's Venetian origins.

The Milan store offers the **complete range of ViBi Venezia models**, from the iconic furlane in many different colours to the rubber-soled slip-ons and wedges, including the new **variant with platform**. Currently, the **capsule collection** created with British designer Emilia Wickstead is also available here.

This is really one of Milan's most **contemporary**, fashionable districts, bursting with buzzy bars that cater to the traditional aperitivo ritual, a destination where hip youngsters are always in the limelight. In addition to the latter, the area also contains the **Corso Como** complex, where you'll find some of the most famous and fanciest clubs in Milan alongside fashion and art hotspots. Together with Brera, the **Navigli** is one of the most **picturesque districts** in old Milan. The **Navigli** and the **Darsena** are two favourites among the locals, who love to enjoy the traditional aperitivo here, but are also a must-visit for visitors who will find themselves seduced by the artistic atmosphere of its numerous painters' studios. Its narrow cobble streets host a number of interesting chic **antique shops, galleries, cafés, restaurants and bars**. If this is where you're headed, make sure to wear 'flatties', these cobble streets were not originally designed for heels! The area is expanding rapidly and its neighbouring streets, including **Corso Garibaldi** and **Corso Como**, are home to several of the trendiest addresses in the city. In fact, as you walk through this historic district, you will be struck by the almost surreal atmosphere, and a treasure trove of **small artists' workshops**, quaint shops selling canvases and paints and **antique shops** of this area. Highlights include the masterpieces at the Pinacoteca, the historic Biblioteca Nazionale Braidense, the Astronomical Museum, the oldest institute of scientific research in the city, and the Botanical Gardens, an evocative green oasis in the heart of the city. Tax Free Refund Guide

According to the Italian law, non-EU resident travellers may be granted VAT relief/refund for goods intended for personal or family use purchased in Italy. This relief is surely **an advantage for the foreign travellers**: in fact, it allows to save from a minimum of 4% up to a maximum of 22% of the selling price of the goods purchased. Here is a **short guide** according to the **Italian legislation** to discover the common system of value added **tax exclusively for non-EU resident travellers**.

1. VAT (in Italian: IVA) is a **value added tax** on goods and services, and is part of the European Union's value added tax system.
2. In some cases, travellers may be granted a **VAT refund**. This refund does not cover the services supplied by hotels, restaurants, taxis or agencies.
3. You may be eligible for a VAT refund provided that:
 - you are a **non-EU resident**;
 - the goods purchased are intended **for personal or family use** only and are carried in your luggage;
 - the overall value of the goods purchased exceeds **154,94 Euro** (VAT included);
 - the purchase is certified by an **invoice**. This invoice should include a description of the goods purchased, your personal information as well as the details of your passport or any other equivalent document;

- the goods shall leave the EU territory by the **third month** following the date of issue of the invoice, as proved by the **"customs stamp"**;
- from 1 September 2018, tax free invoices in Italy must be electronically transmitted by the national seller to OTELO information system (**Online Tax Refund at Exit: Light Lane Optimization**) and their validation is digitally carried out.
- after the digital "customs stamp" is obtained, OTELO will send a message to the retailer that all the requirements are met and, as a consequence, the retailer will reimburse the amount due or will settle the tax relief.
- the invoice is **returned to the Italian retailer** within four months after the purchase was made. If the invoice is stamped by other EU countries, it needs to be brought to the shop retailer by the fourth month following that of the purchase.
- 4. The goods purchased and the relevant invoice must be **shown at the customs** exit point when leaving EU territory (if you intend to pack the purchased items into your check-in luggage, you must go to Customs **BEFORE checking in**).
- 5. After leaving EU territory, the traveller must return the original invoice, regularly endorsed by the customs office, to the Italian retailer. Said invoice must be returned within four months from the date when the

- document was issued.
- 6. The refund can be made **directly by the Italian retailer** (however, make sure that the shop you've chosen displays a "Tax Free Shopping" or "Euro Tax Free" sign in its window).
- 7. Several **Tax-Free companies are able to offer immediate VAT cash refunds** when the goods leave either Italian or EU territory (thus exonerating the passenger from having to return the invoice to the retailer). However, this procedure only applies at major international airports or main border crossings. **Most major department stores have Tax Free Refund offices**.
- 8. The services provided by Tax-Free companies imply the payment of a small administrative sum which is **directly deducted** from the amount of VAT refunded to the traveller.
- 9. In the event of a traveller not receiving a VAT refund within a reasonable period of time, he or she should re-contact the Italian retailer or one of the aforementioned companies.
- 10. However, please note, VAT cannot be refunded directly by customs offices.

Milanese tasting

Milan offers a cuisine featuring a number of truly unusual flavours. Here is a brief guide to make sure that you don't miss out on several of the city's best and most typical recipes.

RISOTTO ALLO ZAFFERANO

This is one of the few dishes boasting a specific "birth date". In fact, legend has it that, on 8 September 1574, master glassmaker Valerio di Fiandra was presented with a dish of **saffron-coloured rice** at his daughter's wedding feast after which time it became an iconic dish of Milanese cuisine. Master Chef Gualtiero Marchesi has transformed this delicacy into a real work of art, with the addition of a square of edible gold leaf! We also suggest trying its crunchier version: so-called "riso al salto". Try the creative dishes signed by Carlo Cracco at his restaurant in Galleria Vittorio Emanuele (www.ristorantecracco.it)

COTOLETTA ALLA MILANESE

Mentioned for the first time in 1500 at the court of the Sforza, its "invention" was a source of contention with the Viennese who laid claim to its origin. According to the traditional recipe, the **veal slices** used should be at least as thick as a finger, **coated in egg and bread** crumbs and deep fried in butter. One of the best places to eat breaded veal cutlets in Milan is at "Da Giannino" (www.gianninoristorante.it) or at the "Al Garghet" restaurant (www.algarghet.it).

TRIPE (OR BUSECCA)

A hearty winter dish that will keep the cold out, its main ingredient is the **stomach lining of sheep or cows**. It was originally served to celebrate special occasions in the peasant world. Try the fried variant on the menu of the eponymous trattoria Trippa Milano, on Via Giorgio Vasari 3 (www.trippamilano.it).

CASSOEULA

According to the history books, composer and conductor Arturo Toscanini was mad about this dish made from **pork** (sausages, pork rinds and spare ribs) and **cabbage**. For a taste of old-world Milan, suggest you try it at "Antica Trattoria della Pesa" in Via Pasubio (www.anticatrattoriadellapesa.com).

MONDEGHILI

Small **meat balls** fried in butter and oil and a signature dish of renowned chef Bruno Barbieri who has made them an art form. You can taste the traditional Milanese meat balls at "Al Matarel" (www.almatarel.it).

PANETTONE

Boasting 500 years of tradition, panettone is a type of large, **sweet bread**, leavened very slowly and enriched with **raisins and candied fruit**. Amidst history and legend, the theories as to the origins of panettone vary widely. One of the most romantic is the story linking

Cracco

its invention to Ugo, a young falconer employed by Prince Ludovico il Moro. Ugo yearned to conquer the heart of the daughter of a poor baker named Toni. To win her over, the nobleman disguised himself as a baker and invented a rich bread in which he added to the flour and yeast, butter, eggs, dried raisins and candied lemon and orange peel. The fame of the bread spread far and wide and became known as "**Pan del Toni**" (Toni's bread). According to history, the tradition of panettone is documented by a manuscript conserved at the Biblioteca Ambrosiana dating back to the 15th century. Already at that time, on the night of 24 December, it was customary for the pater familias to place a huge log in the fireplace and to slice the large loaf of bread which he then distributed among those present.

From a gastronomic point of view, the distinguishing feature of panettone is that it is **leavened two or three times**. Its golden colour derives from the skilful combination of butter and egg yolks, while its overall beauty is completed by the orange, green and brown notes resulting from the addition of candied fruit and raisins. The gourmet trick is to warm it for a few minutes in front of an open oven or on top of a radiator before serving it.

» **Dulcis in fundo**, are the city's famous desserts, pastries and confectionery. In addition to world famed Italian gelato, an absolute "must" in summer, year-round you can also try Milan's traditional Tiramisù (although the main ingredient of the classic recipe includes coffee, there are also other variations on the theme) and Profiteroles, mouth watering chocolate coated puffs filled with custard. Finally, there are also a number of other typical delicacies that are prepared during the holiday season including Colomba (at Easter) and Chiacchiere and Frittelle (at Carnival) and panettone (at Christmas).

>> Via Dante, 5. T: 02 58124970

Landing in Milan at the beginning of July, after **Rome, Florence, Venice** and **Verona**, Hard Rock Cafe offers one of the largest and richest menus in the brand's history. Milan is the home of the Aperitivo

Aperitivo and Happy Hour in the city are most definitely a ritual which no Milanese is prepared to forego

The Aperitivo, the beloved Milanese tradition of pre-dinner drinks, is accompanied by complimentary "stuzzichini" and an all-you-can-eat buffet. Spreads range from traditional olives, nuts, cheeses and potato chips to awesome pasta dishes, "bruschetta", cold cuts, crudités, raw fish and fruit salads. Generally, lasting **for 3 hours from 6 to 9pm** (though most people rarely get there until 7pm), the aperitivo scene has become an **evening meeting** for people of all ages. Cocktails – alcoholic or not – are expertly mixed and a Negroni, Negroni sbagliato (a delicious mix of prosecco, red vermouth and Aperol instead of gin) or a Spritz are **Milanese specialties**. Favourite beverages consumed during this beloved tradition in Milan include also the city's renowned Martini, Prosecco or Campari, accompanied by an all-you-can-eat buffet.

TYPES OF VENUES

A myriad of venues, ranging from the smallest bars to larger, uberchic locations situated in the heart of the city, organize this event. There are 3 types of venues: **design bars, traditional bars** (the places that have written Milan's history) and, the latest trend, all **luxury hotel bars**.

WHERE TO GO

There are endless aperitivo options. Several of the most famous are situated in **Piazza Sempione** or **Corso Como** and

offer a stretch of great bars with a glam vibe where, if you're lucky, you might run into a famous super-model or footballer. Others also worth note, featuring a more laid-back atmosphere, can be found in **Brera** or the **Navigli** area. A sign of a popular place are crowds of young people spilling out onto the streets with a drink in one hand and a plate in the other. Unlike other countries, the Milanese are quite happy to stop at one drink, so things rarely get out of hand. A fabulous idea to relax at the end of a long day and the perfect opportunity to enjoy a fabulous cocktail paired with **good food at affordable prices**.

AFTER THE APERITIVO...

In fact, during aperitivo hour, people start thinking about **where to go for dinner**, in a city boasting a highly eclectic offer. There are **three main areas** dedicated to nighttime entertainment featuring a concentration of venues:
 • **Navigli District**: an area characterized by places offering live music, patronized by artists, models, musicians and university students. Must-try options are its boat bars and the area's old osterie where you can sample an array

of wines, cold cuts and typical cheeses.
 • **Brera District**: an historic area boasting a warren of characteristic venues offering live music and, believe it or not, fortunetellers who are happy to predict your future for a small fee...
 • **Garibaldi district & Corso Como**: this is Milan's most fashionable area by night, where not only will you find a bevy of pizzeria, restaurants, pubs and discotheques, but also possibly chance upon showbiz celebs and sports heroes.

INSIDER TIPS

Drink prices range from about 7-10 euros although several of the more luxe, upmarket places might ask as much as 15 euros. **Not only will you be paying for a more lavish buffet but it will probably also serve as your ticket to VIP and celeb watching.** Milan is the capital of cocktail hour snacking and practically ever bar and club in the city offers some kind of happy hour, competing to offer the most alluring pre-dinner scene in town.
