Lombardy Region

I am glad to welcome you in Milan.

No matter whether you are in our city for business or on holiday, whether you are staying for just one day or decide to spend a week. From the most representative places - such as **Duomo, Galleria Vittorio Emanuele II, Teatro alla Scala** - to those that show the modern face of the city - such as **Porta Nuova** or **CityLife** -, from **Darsena** to the many **city museums**, from the street art works that color our neighborhoods to the most fashionable and niche clubs, Milan will conquer you. You will fall in love with its **26 centuries of history**, its being traditional, international and open to innovation at the same time, I am sure.

Beppe Sala

Lombardy is a region that presents a **perfect mix of nature, history, art, culture with innovation and technology**. It offers a passion and authenticity you will seldom see elsewhere: there are countless things to do here. For example, in **Milan** you can spend your time in wonderful and breathtaking places such as the **Castello Sforzesco**, the monumental **Duomo** or **La Scala** theatre. But you can find cultural beauties also in the provinces visiting palazzos, archaeological parks, castles, and villas: pieces that make up the puzzle in a rare cultural landscape.

Lombardy is also a perfect destination for those who love **mountain holidays** in front the amazing scenery of the Alps and I am sure that with many activities on offer, finding what to do will certainly be easy. Moreover, we must not forget our four **great lakes** and the countless smaller ones where you can spend pleasant vacations or just a weekend. Exploring the territory through its extraordinary flavours is another way to come face to face with the local identity, Lombardy is full of **restaurants and cellars** hiding some of the delicious local gastronomy you can also discover the varied regional cuisine experiencing the wonder of hundreds of events and festivals around the region. You will discover **unexpected corners**, choose an itinerary full of **unique experiences** and Lombardy will surprise you!

DUOMO 1
Among one of the most important Gothic buildings in the world, the church constructed over a period of 450 years is the symbol of Milan. To experience the Duomo at its most majestic you must ascend to the roof.

GALLERIA VITTORIO EMANUELE II 2
Sometimes known as “the living-room of the Milanese”, this elegant, four-storey arcade, housing luxury cafés and famous designer shops, is covered by a glass barrel vault and a beautiful glass cupola.

CASTELLO SFORZESCO 3
The ancient seat of the ruling Visconti, it was later rebuilt by Francesco Sforza and is now simply known by the Milanese as “Il Castello”. It houses a number of interesting museums

and libraries. Its park is a favourite with old and young alike.

CENACOLO VINCIANO 4
One of the most famous attractions in the world, “The Last Supper” by Leonardo da Vinci is a 15th century large mural painting representing the scene of the last supper of Jesus narrated in the Gospel. This fragile masterpiece was painted by Leonardo using a technique that was chemically imperfect and by the early 16th century it has started to flake and decay, resulting in numerous restorations.

PALAZZO REALE 5
Formerly the residence of all those who governed Milan, from Napoleon to the Royal House of Savoy, the Royal Palace is currently

one of the most important cultural centres in the city, hosting exhibitions of international renown. Near the Duomo, it’s the perfect place to escape the crowds of the Duomo’s square.

PIAZZA SCALA 6
The perfect location for the Gallerie d’Italia Museum and the opera house Teatro alla Scala. In the center of the square is the monument dedicated to Leonardo da Vinci.

MONTENAPOLEONE DISTRICT 7
Milan is known as one of the shopping capitals of the world and via MontenaPolione, together with the Golden Quad, is entirely given over to luxury shopping. Here the most important fashion designers offer their creations.

BRERA DISTRICT 8
This is an artsy neighbourhood which really comes to life at night. The Pinacoteca di Brera is one of the most important museums in Milan. Its permanent collections offer a wealth of exceptionally good Italian and foreign masterpieces.

AMBROSIANA 9
The Picture Gallery contains several exquisite works of art from the 15th through 17th centuries. The Biblioteca Federiciana has on show Leonardo’s Codex Atlanticus. the Pinacoteca is exhibiting the preparatory Cartoon for The ‘School of Athens’, one of the best-known paintings by Raphael.

NAVIGLI 10
The Navigli are artificial canals built 800 years

ago to ferry people and merchandise to Milan. This network was perfected in 1457 by Leonardo da Vinci. Today, the area is bursting with trendy dining and nightlife spots.

SAN SIRO STADIUM 11
With a capacity of 80,000 seats, it is the largest stadium in Italy and the 4th in Europe.

SANT’AMBROGIO 12
One of the most ancient churches in Milan, it was built in 379-386 A.D., in an area where martyrs had been buried.

PORTA NUOVA DISTRICT 13
A vibrant, futuristic district overlooking two neighbourhoods: the Garibaldi and Isola districts. The heart of the area is the large

raised square dedicated to architect and designer Gae Aulenti. Just a little further on you will encounter the Bosco Verticale with the new Biblioteca degli Alberi.

TRIENNALE MILANO 14
Since 1923 this is an international institution which organises exhibitions and events about arts, designs, architecture, fashion, cinema, photography and theatre. The Store offers visitors the widest assortment of novelty of the leading Italian and foreign publishing about architecture, design, fashion, and visual arts.

CIMITERO MONUMENTALE 15
A real outdoor museum catering, on the one hand to the whims of the elite of Milan’s society, and on the other to works of art by famous sculptors of various eras.

PORTA NUOVA

AN UPWARD SPIRALING CITY

— Porta Nuova is a sprawling area, the result of a **project of urban and architectural redevelopment** involving the area that leads from the Porta Garibaldi railway station to Piazza della Repubblica, up to Palazzo Lombardia.

— In 2005, an architectural project curated by American real estate developer Hines focused on transforming the area into a **technological hub** comprising more than **twenty buildings** including skyscrapers, offices, cultural centres and urban residences.

— Several of Milan and Italy's highest and most innovative skyscrapers, including the futuristic CityLife complex (visible in the background), are located in the Porta Nuova district. Among these, the **Torre UniCredit** –housed in the vibrant Piazza Gae Aulenti –,

the **Torre Solaria** – the highest residential skyscraper in Italy-, the **Torre Diamante** and the green complex of the **Bosco Verticale** featuring hanging gardens designed by Stefano Boeri.

— The large public park in the middle of the neighbourhood, known as the **BAM Biblioteca degli Alberi**, extending over an area of 90,000 sq.m., was designed to provide a vast number of interconnecting pedestrian paths and to create a real botanical library. The park features over **450 trees** and different plant species, plus recreational areas, themed circular forests, teaching paths and pedestrian and bike paths. In summer, the park is also used to host outdoor concerts and events.

DISCOVER AND ENJOY

Whether it's discovering the events celebrating Italian traditions, art and music or visiting an exhibition, we bring you this month's unmissable dates.

PALAZZO REALE, UNTIL 25 JUNE BILL VIOLA, THE GENIUS OF VIDEO ART

VIDEO ART The exhibition dedicated to the master of video art **Bill Viola** spans his entire production, from the 1970s to the present day: from works that explore the relationship between man and nature, to those inspired by classical iconology. Emotions, meditations and passions emerge from Viola's **fifteen masterpieces**, taking the viewer on an extremely intense inner journey, narrating what can be defined as the artist's most intimate and spiritual journeys through the electronic medium.

This dimension emerges, for example, in his **Passions videos** (works that make clear reference to the Italian Renaissance), which in slow motion capture and extend details of human emotions impossible to see in real time, or in *Ocean Without a Shore* (2007), a work born in Venice in the small, deconsecrated church of San Gallo, which describes a metaphorical threshold of the moment of transition in which life becomes death.

▲ THE RHYTHM OF LIFE

SCIENCE The 'Body Worlds' exhibition, presenting the human body in all its facets, vulnerabilities and potential, is arrived at the **Galleria dei Mosaici in Stazione Centrale**. The exhibition has a popular scientific aim and offers a complete overview of the anatomy and physiology of the human body, explaining in clear language the functions of the organism and the various organs as well as the recurring pathologies linked to our civilisation and how they arise. Dr. **Gunther von Hagens**, the inventor of plastination, and Dr. **Angelina Whalley**, curator of the exhibition, invite the public to reflect on and take an in-depth look at the human body in the face of the many challenges of this century. By means of explanations on nutrition, exercise or strengthening the immune system, the exhibition aims to show **how it is possible to live well**, healthy and long even in our time.

The exhibition brings together an exceptional corpus of photographs: **more than 80 photographic prints**, some of which have **never before been shown in an Italian exhibition**, accompanied by a **rare interview** given by the photojournalist to an American radio station in 1947 and some period documents from the Magnum collection.

FABBRICA DEL VAPORE, UNTIL 23 APRIL

A MAJOR EXHIBITION OF ITALIAN COMICS TALENT

EXHIBITION Large solo exhibition of the talented **Italian comic artist Zerocalcare**. On show are **over 500 original plates, videos, sketches, illustrations** and a site-specific work, which tell of politics and stories of collective resistance. These are the themes at the centre of this important Milanese exhibition: social **fragmentation in the aftermath of the pandemic**; the growth of fears at the time of a global crisis and conflict in the heart of Europe; the forced isolation and loneliness that have inevitably generated disintegration and caused a loss of contact with reality; politics and resistance. The layout of the exhibition projects the visitor into an **imaginative, post-apocalyptic city** where, at the centre of the scene, is a street surrounded by buildings designed by the author. From this scenario, the various sections of the exhibition unfold, following the themes dearest to Zerocalcare: from the forms of resistance embodied by the Kurdish people, to the workers who protesting for more dignified living conditions; from the role of women to the many other battles conducted by ordinary people as an expression of everyday resistance.

▼ HIERONYMUS BOSCH AND HIS ANTI-RENAISSANCE

LAST DAYS

ART The project intends to illustrate the world of **mysterious Dutch painter Hieronymus Bosch**, active in the late 15th and early 16th century. He has great success as a **creator of fantastic visions** in relation to the trends of collecting of the time and of artistic reception by the Spanish and Italian Renaissance. Important links with Bosch's art can in fact be found in works of the highest order, among others, by Tiziano, El Greco, Savoldo. The exhibition will therefore **for the first time** offer to the Italian and international public the opportunity to familiarize themselves with the role of Bosch at the height of the so-called **"anti-Renaissance"** that took hold in Europe.

ART From Cosimo and Lorenzo de' Medici to Edmond de Rothschild, many of the **greatest patrons and collectors** of all time were great bankers. These were personalities who made an incisive mark on the history of collecting and style: through their portraits, it is possible to recall their figure and collecting choices. Spanning a time **from the Renaissance to the 20th century**, the exhibition at **Gallerie d'Italia-Milano** presents **over 120 works** by artists such as Michelangelo, Caravaggio, Bronzino, Verrocchio, Antoon Van Dyck, Angelika Kauffmann, Hayez, Gherardo delle Notti (Gerrit van Honthorst), Valentin de Boulogne and Giorgio Morandi.

A TALE THROUGH CLOTHES AND IMAGES

PHOTOGRAPHY The first exhibition in Italy dedicated to Ossie Clark and Celia Birtwell tells the story of the **two designers** who represented a new creative class between **art and fashion**. A tale of one of the first examples of creative couples who worked together to complement each other in total harmony. Here we understand why Ossie's shapes and cuts would not have had the same impact without Celia's prints.

"**Mr & Mrs Clark**" explores the genius of Celia's designs, which developed prints inspired by nature and the artistic avant-garde, and the talent of Ossie, whose mastery of cuts and modelling gave life to sensual and feminine clothes.

This unique exhibition features **30 iconic dresses** from their heyday (1965-74), **7 precious notebooks** by Ossie and Celia, numerous **never-before-seen drawings**, editorials shot by leading international photographers, as well as rare **memorabilia**, and videos with Ossie Clark's incredible fashion performance-shoots.

A DOMESTIC RENAISSANCE OF THE BAGATTI HOME

The **Bagatti Valsecchi Museum**, born of an extraordinary art collecting adventure at the end of the 19th century, was shaped by **two brothers**, the Barons Fausto and Giuseppe Bagatti Valsecchi, who restructured their family home **in the heart of downtown Milan** in the **Neo-Renaissance** style, and furnished it with their rich 15th – 16th-century Italian art and decorative arts collections. Open to the public since 1994, Fausto's and Giuseppe's home, preserved just as it was, is a fascinating historic house museum.

A COLLECTORS' HISTORICAL RESIDENCE

The **Casa Museo Boschi Di Stefano**, once inhabited by the couple made by Antonio Boschi (1896-1988) and Marieda Di Stefano

(1901-1968), hosts approximately **300 works of art**, which represent a selection of the couple's extensive collection, that includes more than **2,000 pieces**. The collection stands for an extraordinary example of the history of **Italian art in the 20th century**. The collection was donated to the Municipality of Milan in 1974 and in 1988. The House Museum opened to the public in 2003.

HISTORIC MILANESE HOME OF A MIDDLE CLASS FAMILY

Immersed in an ample private garden with a swimming pool and a tennis court and set in the center of Milan, the **Villa Necchi Campiglio** was completed by the architect Piero Portaluppi in 1935. Commissioning the structure was the Necchi Campiglio family, part of the **rich and elegant industrial middle class of Milan** in the 1930s.

The Necchi Campiglio family wanted above all to distance themselves from the traditions of their day, and planned ample areas dedicated to the reception of guests and to the social whirl: the dining room, the smoking room, the library and the grand salon.

A PRICELESS COLLECTION IN THE HEART OF MILAN

Created thanks to the passion for art-collecting of the noble Milanese Gian Giacomo Poldi Pezzoli (1822-1879), the **Poldi Pezzoli Museum** is one of the most important and famous house museums in the world, beloved by the Milanese and international public. It fascinates not only for the charm of the **rooms evoking the past**, but also for the variety and richness of its collections of over **6,000 extraordinary pieces**, from Antiquity to the 19th century, suspended in a magical atmosphere.

MUSEO BAGATTI VALSECCHI, UNTIL 12 MARCH ► THE SEDUCTION OF BEAUTY

LAST DAYS

EXHIBITION The **Bagatti Valsecchi Museum** presents a selection of paintings from the Gastaldi Rotelli collection in the major exhibition entitled "La Seduzione del Bello. Capolavori Segreti tra '600 e '700" ("The Seduction of Beauty. Secret masterpieces between the 17th and 18th centuries"). **Fifty masterpieces** leave their usual residence for the first time all together to enter the **neo-Renaissance rooms of Via Gesù** and enter into dialogue with the eclectic 15th and 16th century permanent collection that the **brothers Fausto and Giuseppe Bagatti Valsecchi** assembled at the end of the 19th century. With this exhibition, the House Museum is thus configured as a **"House of Collections"**, creating an interesting as well as unprecedented reflection on the role of private collecting, its history and consequent valorisation and fruition in the contemporary age.

MUDEC, 22 MARCH-30 JULY BETWEEN DREAM AND REALITY

ART The new exhibition on **Surrealism** hosted at the MUDEC presents **180 works** from the collection of the **Boijmans Van Beuningen Museum**. As one of the most important museums in the Netherlands, it is in dialogue with some works from the Permanent Collection of the MUDEC, telling about an entire artistic movement, not only through the works but also by delving into the theme. The exhibition led to a selection of the collection, with a **special focus on the Surrealists' interest in non-Western cultures**. On display are paintings, objects and works on paper, numerous rare books, periodicals and posters by important surrealist artists and writers. Particular attention is given to exploring the fundamental themes on which Surrealist research focused – **dream and reality, psyche, love and desire, a new model of beauty** – and through works and publications by lesser-known authors provides the public with a 360-degree view of the Surrealist universe.

▲ THE MOST CLASSIC OF ITALIAN CYCLE RACES

SPORT The **114th edition of the historic Milano-Sanremo cycling race** will take place on Saturday 18 March. The start will be from the **legendary Velodromo Vigorelli**, a historical place of world cycling, although the official start of the race will be from Corsico on the outskirts of the city, due to the 30 km/h limit for the line and finish races. The finish is scheduled after some **299 kilometres in the Ligurian Riviera town of Sanremo**, on the Via Roma boulevard. From the outskirts of Milan, the caravan will move in the direction of Alessandria and then turn, still in Piedmont, towards Asti and Alba, where the riders will tackle the 934-metre climb of the Colle di Nava. From the summit there will be just about 70 kilometres to the finish, preceded by the Poggio climb, generally the watershed of the race: just 3.7 kilometres long, in fact, it precedes the descent towards the plain. The last downhill section takes place in the town of Sanremo with the last 2 km on long city straights.

► VISUAL AND LITERARY ANTHOLOGY BY ETTORE SOTTASS

DESIGN "La Parola" ("The Word") is the **third exhibition project at the Triennale Milano** dedicated to the Italian architect, designer and photographer **Ettore Sottsass.** The exhibition focuses on the varied, constant and multiple use of the Word, which characterises his production and brings together a selection of drawings, objects, writings and unpublished works. The aim of this exhibition is to propose a **visual and literary anthology** representing the essence of Sottsass' original narrative vein. Lists, descriptions, confessions, diaries, short stories, magazines, posters, fanzines, articles, speeches, lectures and reviews are all traces of the multiple forms of the Word, used to accompany the moments and movements of the artist's works.

THE SOUL BEYOND THE IMAGE

PHOTOGRAPHY The exhibition presents around **50 photographs** by the British photographer **Lee Jeffries** who has become the **voice of the marginalised.** The images in black and white and colour capture the faces of the hidden and **invisible humanity** that populates the streets of the great metropolises of Europe and the United States. Through his **spiritual gaze and art**, Jeffries brings the **homeless** out of the darkness in which they are imprisoned and tries to **restore light and dignity to every human being.** His most characteristic stylistic feature is that of the **portrait, always frontal and close-up**, often with dark monochrome backgrounds that, elaborated with effective work on light and shadow, brings out the faces in their extraordinary expressive power, capable of communicating their suffering, their unease and their unhappy condition.

► MULTIPLE MEANINGS OF THE RAINBOW

CULTURE The "Rainbow" exhibition takes place in the spaces on the first floor of **MUDEC.** After a complete immersion in the colours of the rainbow thanks to a **site-specific installation** by artist Cory Arcangel in the spaces of the "cloud", the exhibition continues in the Focus Rooms. The exhibits, from the **museum's collections** but also the result of **international loans**, allow the visitor to explore the multiple meanings of the rainbow and learn about its origins and reflections in contemporary culture. An expression of different languages from anthropology to biology, from art to science, the exhibits illustrate ancient myths and new values of the iris **between ancient and contemporary.** The exhibition is part of an **interdisciplinary project involving the Milan Natural History Museum and the Milan Planetarium**, with a calendar full of events and initiatives linked to the rainbow theme.

WELCOME TO LOMBARDY

The Lombardy region is **one of the richest in attractions in Italy**. The area, between Switzerland and Emilia-Romagna, Veneto and Piedmont, offers countless **destinations for day trips** from Milan.

In addition to **Milan**, there are **11 main cities** that preserve traces of centuries of art and culture - Bergamo, Brescia, Como, Cremona, Lecco, Mantua, Monza and Brianza, Pavia, Sondrio and Varese - and hundreds of smaller villages with **art, history and traditions**. But Lombardy also has some unmissable natural beauty, such as the vast Po Valley, the parks and the Pre-Alps with the five largest lakes: Garda, Maggiore, Como, Iseo, Lugano and Ceresio.

With its **10 Unesco Sites**, as well as **3 intangible heritages** including the lutherie art of Cremona, Lombardy is the Italian region with the largest number of such sites: Valle Camonica's Rock Art, Santa Maria delle Grazie and the Cenacolo Vinciano, the Workers' Village of Crespi d'Adda, the Sacred Mountains of Piedmont and Lombardy, the Rhaetian Railway between Tirano and Saint Moritz, Mantua and Sabbioneta, Monte San

Giorgio, the prehistoric pile-dwelling sites in the Alps, the Lombard monuments and the city walls of Bergamo.

For those who love **panoramic places**, a trip to Monte **Isola** is a must, with its breathtaking view of Lake Iseo; to the **Sacro Monte of Varese** with a view over the

plain from the Alps to the Apennines; the **Brunate cable car** with an absolute view of Lake Como; the ascent to the **Torrazzo of Cremona**, the highest masonry tower in Europe; the **Terrazza del Brivido** in Tremosine overlooking Lake Garda at a height of 350 metres.

>> Taking a train trip to Lombardy's cities of art is the ideal way to rediscover, in a comfortable and sustainable way, the beauty of our region's towns, visiting exhibitions, museums and monuments. www.trenord.it/giteintreno/citta-darte

LAKESIDE DESTINATIONS

Lying North of Milan, each year the lakes of Lombardy attract millions of visitors thanks to their mild climate, breathtaking scenery, natural beauties and historic and artistic treasures. Don't miss a day at the lake with Trenord with special all inclusive train+boat tickets!

The shores of **Lake Maggiore** wash up on the banks of Piedmont and Lombardy in Italy, while its more austere northern basin lies in the mountainous region of Switzerland. The most famous island, lying just off **Stresa** – a small, elegant town, rich in neoclassic and liberty buildings and a shopping mecca boasting a myriad of boutiques – is **Isola Bella**, anchored like a fantastic ship-garden and dominated by the majestic Palazzo Borromeo, built in the 17th century and rich in art treasures, including the private collection of Milan's most famous aristocratic family. The Borromeo clan also owned **Rocca di Angera**, an imposing fortress (12th-17th century) boasting opulent ambiances, of which the most famous is the Sala di Giustizia. The "Rocca" also has a medieval garden (www.isoleborromeo.it).

Lake Como is the romantic and worldly older sister of Maggiore and Garda and takes its name from the city of Como. "Must-visit" sights include the Gothic **Duomo**, the Romanic basilicas of San Fedele and Sant'Abbondio and the neoclassic **Villa Olmo**. Nestling on the banks of Lake Como in Lenno and currently owned by FAI – a private non-profit trust – **Villa del Balbianello** is a magnificent example of a perfectly preserved 18th century dwelling. Surrounded by a stunning, terraced panoramic garden, with a breathtaking view of the lake, the Villa is one of the area's most romantic retreats. Standing on the tip of a promontory overlooking the waters of the lake, the Villa was chosen by director George Lucas as one of the evocative settings for the famous "Star Wars"

Lying just a stone's throw northwest of Como is **Cernobbio**, a small fashionable resort frequented by the wealthy of Europe because of its deluxe hotel **Villa d'Este** and **Villa Erba** where director Luchino Visconti spent his childhood (www.villaerba.it). Continuing North, we find Isola Comacina a jewel of art and nature, rich in Mediterranean vegetation and one of the most important archaeological sites of the dark ages in Northern Italy. In nearby Tremezzo, don't miss a visit to the Baroque-style **Villa Carlotta**, featuring an Italian garden and sculptures by Canova. At the junction of the southern arm of the lake lies **Bellagio**, also referred to as the pearl of Como, set in a

strategic position to soak up the panorama.

Don't miss a visit to the other lakes that are also easily accessible from Milan. These include **Lake Lugano**, where the enchanting towns of Morcote, Melide and Lugano offer many cultural attractions and charming itineraries; **Lake Iseo**, a gem of rare beauty nestled between the provinces of Bergamo and Brescia; **Lake Garda** attracting millions of visitors every year thanks to its mild climate, its old-fashioned atmosphere and its breathtaking scenery, including scenic roads along the coast, Renaissance villas, Romanesque hamlets and small villages.

This centrally located district is named after **via Brera** which, since the 18th century, has housed the famous Accademia di Belle Arti. One of the liveliest areas in the city, it was formerly populated by **artists and bohemians** and still, today, retains its **characteristic atmosphere**. Its narrow cobble streets host a number of interesting chic **antique shops, galleries, cafés, restaurants and bars**. If this is where you're headed, make sure to wear 'flatties'; these cobble streets were not originally designed for heels! The area is expanding rapidly and its neighbouring streets, including **Corso Garibaldi** and **Corso Como**, are home to several of the trendiest addresses in the city. In fact, as you walk through this historic district, you will be struck by the almost surreal atmosphere, and a treasure trove of **small artists' workshops**, quaint shops selling canvases and paints and **antique shops** of this area. Highlights include the masterpieces at the Pinacoteca, the historic Biblioteca Nazionale Braidense, the Astronomical Museum, the oldest institute of scientific research in the city, and the Botanical Gardens, an evocative green oasis in the heart of the city. Brera never ceases to amaze and now, in addition to its picturesque artists' workshops, countless boutiques showcasing rare essences are springing up, transforming Brera into a **'district of Artistic Perfumery'**.

>> INSIDER TIP

Shopping hours are generally from 9.30am to 7.30pm; less centrally located shops still take the traditional lunch break from 12.30pm or 1pm to 3pm or 4pm. Most shops are closed on Sundays (except those located in central Milan) and on Monday mornings. Make sure to always check ahead.

Fine dining at the Anima restaurant

PH. MARCO PODERI

New Michelin star 2023, the restaurant lives a gastronomic luxury that is also democratic, open to all lovers of good food.

The restaurant opened by **Chef Enrico Bartolini** at the end of May 2021 inside the Hotel Milano Verticale | **UNA Esperienze** has its own old-fashioned futurist "soul". Skillfully led since October of the same year by **Resident Chef Michele Cobuzzi**, the restaurant expresses elegance, comfort and design: a style that counterbalances a cuisine that makes "Milanese" its strong point. Of Apulian origins and with international experience following great masters of

international cuisine, Cobuzzi knows how to interpret the rich heritage of **Italian tradition with modern taste**, also in the kitchen of "Vertigo Osteria Contemporanea" and "Bar con Giardino", also inside the hotel. In "**Anima**", **seven tables open only in the evenings** (also to outsiders), the Chef proposes two gourmet courses: "Intensity" (in eight passages - 150 euro excluding drinks - with the possibility of also opting for three or four courses à la carte, respectively at 90 and 110 euro) and "My certainties" ("A path of small greatness" five passages at 125 euro excluding drinks). The wine list offers a selection of Italian and foreign labels with great personality, carefully chosen by **sommelier Giacomo Morlacchi**.

>> INSIDER TIPS

- **Breakfast time** in Italy can be from 6am to 11am, depending on what time you got up, and it usually includes a cappuccino, which is a morning drink, and "cornetto" or other sweet pastries.
- **Lunchtime** usually ranges from midday to 2pm (that is why many of the shops close in these hours), **dinnertime** from 8pm to 10pm.
- Between 6pm and 9pm it's **aperitivo time**, an Italian tradition started in Milan. If you're feeling hungry between 3pm and 5pm then it's time for you to have a "merenda", a quick snack between the two main meals. Should you be hungry at late night, you can check several list of **late-night restaurants in Milan**.
- Never forget to check the restaurant's **weekly closing day**, which – most of the time – will be Monday.
- **Reservations** for most restaurants are strongly advised.
- In Italy, service is included in the price meaning that although **tipping is not compulsory** but it is obviously appreciated as a sign of satisfaction.
- Some menus include the word "**coperto**", a small surcharge corresponding to the cost of the service and bread (usually between 1 and 3 euros per person).
- If you want **tap water**, you should specify it to the waiting staff of the restaurant or bar, asking for a glass of "acqua di rubinetto".
- Although no dress code exists in Italy, **semiformal clothing** is usually considered de rigueur at restaurants.
- All restaurants and bars are **non-smoking** unless a separate smokers' area is specifically offered.

Milanese tasting

Milan offers a cuisine featuring a number of truly unusual flavours. Here is a brief guide to make sure that you don't miss out on several of the city's best and most typical recipes.

RISOTTO ALLO ZAFFERANO

This is one of the few dishes boasting a specific "birth date". In fact, legend has it that, on 8 September 1574, master glassmaker Valerio di Fiandra was presented with a dish of **saffron-coloured rice** at his daughter's wedding feast after which time it became an iconic dish of Milanese cuisine. Master Chef Gualtiero Marchesi has transformed this delicacy into a real work of art, with the addition of a square of edible gold leaf! We also suggest trying its crunchier version: so-called "riso al salto". Try the creative dishes signed by Carlo Cracco at his restaurant in Galleria Vittorio Emanuele (www.ristorantecracco.it)

COTOLETTA ALLA MILANESE

Mentioned for the first time in 1500 at the court of the Sforza, its "invention" was a source of contention with the Viennese who laid claim to its origin. According to the traditional recipe, the **veal slices** used should be at least as thick as a finger, **coated in egg and bread** crumbs and deep fried in butter. One of the best places to eat breaded veal cutlets in Milan is at "Da Giannino" (www.gianninoristorante.it) or at the "Al Garghet" restaurant (www.algarghet.it).

Cotoletta alla Milanese

RISTORANTE DA GIANNINO - PH © CARMINE ARRICHELLO

TRIPE (OR BUSECCA)

A hearty winter dish that will keep the cold out, its main ingredient is the **stomach lining of sheep or cows**. It was originally served to celebrate special occasions in the peasant world. Try the fried variant on the menu of the eponymous trattoria Trippa Milano, on Via Giorgio Vasari 3 (www.trippamilano.it).

CASSOEULA

According to the history books, composer and conductor Arturo Toscanini was mad about this dish made from **pork** (sausages, pork rinds and spare ribs) and **cabbage**. For a taste of old-world Milan, suggest you try it at "Antica Trattoria della Pesa" in Via Pasubio (www.anticatrattoriadellapesa.com).

MONDEGHILI

Small **meat balls fried** in butter and oil and a signature dish of renowned chef Bruno Barbieri who has made them an art form. You can taste the traditional Milanese meat balls at "Al Matarel" (www.almatarel.it).

PANETTONE

Boasting 500 years of tradition, panettone is a type of large, **sweet bread**, leavened very slowly and enriched with **raisins and candied fruit**. Amidst history and legend, the theories as to the origins of panettone vary widely. One of the most

romantic is the story linking its invention to Ugo, a young falconer employed by Prince Ludovico il Moro. Ugo yearned to conquer the heart of the daughter of a poor baker named Toni. To win her over, the nobleman disguised himself as a baker and invented a rich bread in which he added to the flour and yeast, butter, eggs, dried raisins and candied lemon and orange peel. The fame of the bread spread far and wide and became known as "**Pan del Toni**" (Toni's bread). According to history, the tradition of panettone is documented by a manuscript conserved at the Biblioteca Ambrosiana dating back to the 15th century. Already at that

time, on the night of 24 December, it was customary for the pater familias to place a huge log in the fireplace and to slice the large loaf of bread which he then distributed among those present. From a gastronomic point of view, the distinguishing feature of panettone is that it is **leavened two or three times**. Its golden colour derives from the skilful combination of butter and egg yolks, while its overall beauty is completed by the orange, green and brown notes resulting from the addition of candied fruit and raisins. The gourmet trick is to warm it for a few minutes in front of an open oven or on top of a radiator before serving it.

» Dulcis in fundo, you can try Milan's traditional Tiramisù (although the main ingredient of the classic recipe includes coffee, there are also other variations on the theme) and Profiteroles, mouth watering chocolate coated puffs filled with custard. There are also a number of other typical delicacies that are prepared during the holiday season including Colomba (at Easter) and Chiacchiere and Frittelle (at Carnival) and panettone (at Christmas).

Particolare, bistrot with garden

In the choice of name, the **Particolare Milano restaurant** reveals its identity: a Milanese location in the **Porta Romana area** that aims to be a welcoming point for those who want to go out but feel at home, who want a cocktail but perhaps also dinner, who come for an after-work aperitif and find themselves in a **garden hidden away in the city**. The atmosphere is "particular", with colour combinations, furnishings studied down to the smallest detail and little references to the last century. A place designed for the city of Milan, which also offers a well-kept and intimate **double outdoor space**, where one can enjoy the cuisine **both in summer and winter**.

Leading the kitchen brigade is chef **Andrea Cutillo**, who shares a passion for catering with maître and sommelier **Luca Beretta**. Their cuisine can be described as **traditional Mediterranean**, with a creative and **contemporary twist**.

ENTERTAINMENT & TOURS

A mix of sound, shopping, tasting

Hard Rock Cafe represents in the centre of Milan a blend of iconic shopping and authentic American cuisine.

Landing in Milan in July 2022, after Rome, Florence, Venice and Verona, Hard Rock Cafe offers one of the largest and richest menus in the brand's history. From the **Legendary Burger** to other iconic dishes such as Wings, Classic Nachos, Sliders to appetisers including Famous Fajitas and Tupelo Chicken Tender. The **Cafe**, on two levels and with two stages for **live music**, seats 250. At the entrance, guests can visit the **Rock Shop** with music-inspired products and collectibles typical of the brand.

The restaurant area includes the **bar** and a stage for live music, visible from every corner of the Cafe. On the first floor is a VIP area for small private events. Adorning the walls of the café will be Hard Rock's **iconic collection**: from the King of Pop **Michael Jackson** with his gold jacket custom-made for him by Dennis Tompkins and Michael Bush, to **Madonna's underwear**, worn by the Queen of Pop during her 1987 "Who's That Girl" World Tour and also featured in her Ciao Italia! video. Also on display on the walls are **Cher's lace bra**, along with the beautiful lime green velvet jacket, made especially for **Elton John** by legendary designer Stephen Sprouse. Finally, guests can admire the glittering red strapless swimming costume worn by **Rihanna** in Maroon 5's ultra-glam 2008 video "If I Never See Your Face Again", alongside those of **Italian rock stars** such as Ligabue, Lacuna Coil, Negramaro and many others.

Milan is the home of the Aperitivo

Aperitivo and Happy Hour in the city are most definitely a ritual which no Milanese is prepared to forego

The Aperitivo, the beloved Milanese tradition of pre-dinner drinks, is accompanied by complimentary "stuzzichini" and an all-you-can-eat buffet. Spreads range from traditional olives, nuts, cheeses and potato chips to awesome pasta dishes, "bruschetta", cold cuts, crudités, raw fish and fruit salads. Generally, lasting **for 3 hours from 6 to 9pm** (though most people rarely get there until 7pm), the aperitivo scene has become an **evening meeting** for people of all ages. Cocktails – alcoholic or not – are expertly mixed and a Negroni, Negroni sbagliato (a delicious mix of prosecco, red vermouth and Aperol instead of gin) or a Spritz are **Milanese specialties**. Favourite beverages consumed during this beloved tradition in Milan include also the city's renowned Martini, Prosecco or Campari, accompanied by an **all-you-can-eat buffet**.

TYPES OF VENUES

A myriad of venues, ranging from the smallest bars to larger, uberchic locations situated in the heart of the city, organize this event. There are 3 types of venues: **design bars**, **traditional bars** (the places that have written Milan's history) and, the latest trend, all **luxury hotel bars**.

WHERE TO GO

There are endless aperitivo options. Several of the most famous are situated in **Piazza Sempione** or **Corso Como** and offer a stretch of great bars with a glam vibe where,

if you're lucky, you might run into a famous super-model or footballer. Others also worth note, featuring a more laid-back atmosphere, can be found in **Brera** or the **Navigli** area. A sign of a popular place are crowds of young people spilling out onto the streets with a drink in one hand and a plate in the other. Recently, even an aperitif in the **CityLife Shopping District**, under the archistar-designed towers, has become a trend among the Milanese and international guests. A stop at the Peck wine and cocktail bar is a must. A fabulous idea to relax at the end of a long day and the perfect opportunity to enjoy a fabulous cocktail paired with **good food at affordable prices**.

AFTER THE APERITIVO...

In fact, during aperitivo hour, people start thinking about **where to go for dinner**, in a city boasting a highly eclectic offer. There are **three main areas** dedicated to nighttime entertainment featuring a concentration of venues: **• Navigli District**: an area characterized by places offering live music, patronized by artists, models, musicians and university students. Must-try options are its boat bars and the area's old

osterie where you can sample an array of wines, cold cuts and typical cheeses. **• Brera District**: an historic area boasting a warren of characteristic venues offering live music and, believe it or not, fortune-tellers who are happy to predict your future for a small fee... **• Garibaldi district & Corso Como**: this is Milan's most fashionable area by night, where not only will you find a bevy of pizzerie, restaurants, pubs and discotheques, but also possibly chance upon showbiz celebs and sports heroes.

INSIDER TIPS

Drink prices range from about 7-10 euros although several of the more luxe, upmarket places might ask as much as 15 euros. Not only will you be paying for a more lavish buffet but it will probably also serve as your ticket to VIP and celeb watching. Milan is the capital of cocktail hour snacking and practically ever bar and club in the city offers some kind of happy hour, competing to offer the most alluring pre-dinner scene in town.

LANDMARKS & MUSEUMS

A new museum is born in Milan

An art museum has opened in Milan, a cultural centre housing the Luigi Rovati Foundation's Etruscan collection.

The complex, which underwent a major renovation started in 2017 by **MCA-Mario Cucinella Architects**, includes the garden with the Pavilion, the Lecture Hall, the Study Hall, the Johan&Levi Museum Shop, the Café-bistro and the gastronomic restaurant of chef **Andrea Aprea**. The central element of the complex restoration of the Palazzo, consisting of **seven floors**, two of which are underground, is the creation of an **underground museum housing the Luigi Rovati Foundation's Etruscan collection**. The first floor, on the other hand, is designed as a **museum space** where **contemporary works** can be exhibited in dialogue with **archaeological finds**. The other floors of the building house the functions related to the museum's activities: the offices, the study room, the conference room, temporary exhibition spaces and storage for the collections.

The new headquarters of the **Fondazione Luigi Rovati**, in the historic building in Corso Venezia 52 in front of the Indro Montanelli Gardens, opened to the public in September 2022. The foundation, a scientific-cultural institution founded in 2016 and named after the doctor, researcher and pharmaceutical entrepreneur **Luigi Rovati**, goes beyond the traditional concept of a museum, but aims to be a place for **thought, experimentation and sharing**.
