DUOMO 1
Among one of the most important Gothic buildings in the world, the church constructed over a period of 450 years is the symbol of Milan. To experience the Duomo at its most majestic you must ascend to the roof.

GALLERIA VITTORIO EMANUELE II 2
Sometimes known as “the living-room of the Milanese”, this elegant, four-storey arcade, housing luxury cafés and famous designer shops, is covered by a glass barrel vault and a beautiful glass cupola.

CASTELLO SFORZESCO 3
The ancient seat of the ruling Visconti, it was later rebuilt by Francesco Sforza and is now simply known by the Milanese as “Il Castello”. It houses a number of interesting museums

and libraries. Its park is a favourite with old and young alike.

CENACOLO VINCIANO 4
One of the most famous attractions in the world, “The Last Supper” by Leonardo da Vinci is a 15th century large mural painting representing the scene of the last supper of Jesus narrated in the Gospel. This fragile masterpiece was painted by Leonardo using a technique that was chemically imperfect and by the early 16th century it has started to flake and decay, resulting in numerous restorations.

PALAZZO REALE 5
Formerly the residence of all those who governed Milan, from Napoleon to the Royal House of Savoy, the Royal Palace is currently

one of the most important cultural centres in the city, hosting exhibitions of international renown. Near the Duomo, it’s the perfect place to escape the crowds of the Duomo’s square.

PIAZZA SCALA 6
The perfect location for the Gallerie d’Italia Museum and the opera house Teatro alla Scala. In the center of the square is the monument dedicated to Leonardo da Vinci.

MONTENAPOLEONE DISTRICT 7
Milan is known as one of the shopping capitals of the world and via Montenapoleone, together with the Golden Quad, is entirely given over to luxury shopping. Here the most important fashion designers offer their creations.

BRERA DISTRICT 8
This is an artsy neighbourhood which really comes to life at night. The Pinacoteca di Brera is one of the most important museums in Milan. Its permanent collections offer a wealth of exceptionally good Italian and foreign masterpieces.

AMBROSIANA 9
The Picture Gallery contains several exquisite works of art from the 15th through 17th centuries. The Biblioteca Federiciana has on show Leonardo’s Codex Atlanticus. The Pinacoteca is exhibiting the preparatory Cartoon for The ‘School of Athens’, one of the best-known paintings by Raphael.

NAVIGLI 10
The Navigli are artificial canals built 800 years

ago to ferry people and merchandise to Milan. This network was perfected in 1457 by Leonardo da Vinci. Today, the area is bursting with trendy dining and nightlife spots.

SAN SIRO STADIUM 11
With a capacity of 80,000 seats, it is the largest stadium in Italy and the 4th in Europe.

SANT’AMBROGIO 12
One of the most ancient churches in Milan, it was built in 379-386 A.D., in an area where martyrs had been buried.

PORTA NUOVA DISTRICT 13
A vibrant, futuristic district overlooking two neighbourhoods: the Garibaldi and Isola districts. The heart of the area is the large

raised square dedicated to architect and designer Gae Aulenti. Just a little further on you will encounter the Bosco Verticale with the new Biblioteca degli Alberi.

TRIENNALE MILANO 14
Since 1923 this is an international institution which organises exhibitions and events about arts, designs, architecture, fashion, cinema, photography and theatre. The Store offers visitors the widest assortment of novelty of the leading Italian and foreign publishing about architecture, design, fashion, and visual arts.

CIMITERO MONUMENTALE 15
A real outdoor museum catering, on the one hand to the whims of the elite of Milan’s society, and on the other to works of art by famous sculptors of various eras.

PORTA NUOVA

AN UPWARD SPIRALING CITY

— Porta Nuova is a sprawling area, the result of a **project of urban and architectural redevelopment** involving the area that leads from the Porta Garibaldi railway station to Piazza della Repubblica, up to Palazzo Lombardia.

— In 2005, an architectural project curated by American real estate developer Hines focused on transforming the area into a **technological hub** comprising more than **twenty buildings** including skyscrapers, offices, cultural centres and urban residences.

— Several of Milan and Italy's highest and most innovative skyscrapers, including the futuristic CityLife complex (visible in the background), are located in the Porta Nuova district. Among these, the **Torre UniCredit** –housed in the vibrant Piazza Gae Aulenti –,

the **Torre Solaria** – the highest residential skyscraper in Italy-, the **Torre Diamante** and the green complex of the **Bosco Verticale** featuring hanging gardens designed by Stefano Boeri.

— The large public park in the middle of the neighbourhood, known as the **BAM Biblioteca degli Alberi**, extending over an area of 90,000 sq.m., was designed to provide a vast number of interconnecting pedestrian paths and to create a real botanical library. The park features over **450 trees** and different plant species, plus recreational areas, themed circular forests, teaching paths and pedestrian and bike paths. In summer, the park is also used to host outdoor concerts and events.

◀ MUSICAL JOURNEY BETWEEN MILAN AND TURIN

EVENT For more than two weeks Milan and Turin will host **MITO SettembreMusica 2023** with a rich calendar of **116 concerts** and **live performances**. A particular trait of the Festival is that the programme features many events throughout the same day: from evening ones in prestigious venues to daytime ones in decentralised locations.

Held under the creative direction of **Nicola Campogrande**, the festival boasts different initiatives for all tastes, featuring famous names, interactive realities, showcasing renowned masterpieces and much more, making it an experience for both adults and young people alike.

Concerts will be held in some of the most important **concert halls, theatres and cultural hubs** in Milan and Turin. These include the Teatro alla Scala, the Teatro dal Verme in Milan and the Auditorium Rai "Arturo Toscanini", the Auditorium "Giovanni Agnelli" at Turin's Lingotto, and the main musicconservatories of the two cities. As per the new programme, MITO's two star cities will pay homage to each other.

The Festival will open on **Thursday 7 at the Teatro alla Scala with the "Wonderful Town" concert by Leonard Bernstein**, directed by Wayne Marshall with the Orchestra e Coro del Teatro Regio Torino. On Friday 8th, the same event will be repeated, as tradition wants it, at Turin's Auditorium Giovanni Agnelli. Unlike last year, the Festival will end on Friday 22 at the Auditorium Giovanni Agnelli with the Filarmonica della Scala playing, led by Andrés Orozco-Estrada and the great cello virtuoso Mario Brunello.

After last year's success, the **"Festival in the Festival"** returns, offering decentralized monographic concerts dedicated to great composers and collected under the label "The Piano of ...," featuring 14 Italian keyboard talents.

HOW TO TURN REALITY

CONTEMPORARY ART Palazzo Reale is hosting for the first time in Europe an extensive monographic exhibition of one of the leading figures on the international art scene: **Leandro Erlich**. An **Argentinean artist**, born in Buenos Aires in 1973, Erlich creates **large installations** with which the public relates and interacts, becoming the work of art itself. His works are unique and represent an **absolute novelty in the art world** and combine creativity, vision, emotion and fun. Buildings in which one virtually climbs, uprooted houses suspended in the air, lifts that lead nowhere, escalators tangled like threads in a ball of yarn, **disorienting and surreal sculptures**, videos that subvert normality. These are all elements that tell us something **ordinary in an extra-ordinary context**, where everything is different from what it seems, where we lose our sense of reality and our perception of space.

Leonardo3 Museum, journey into the mind of Leonardo

PHOTOS © LEONARDO3

"Leonardo3-The World of Leonardo" is the museum dedicated to artist and inventor **Leonardo da Vinci** located in Piazza della Scala, at the entrance to Galleria Vittorio Emanuele II: a **unique museum** that brings together a collection of Leonardo's machines, consisting of more than **200 interactive 3D models** and working physical reconstructions, many of them previously unseen. All exhibits are the result of the work of its **study center**, which has been studying Leonardo's work for 20 years. In 2023, on the occasion of its **10th anniversary**, the museum initiated a series of **collaborations with important institutions and personalities**. As Leonardo3 Museum director **Massimiliano Lisa** says, the museum offers the extraordinary opportunity to enter the mind of the Tuscan genius with the help of **interactive and in-depth stations** that support all the machines in the rooms. Among Leonardo's machines, one of the most famous projects is the **Mechanical Lion**. A zoomorphic automaton that was built so that it would walk, arousing wonder, in the presence of King Francis I of France. Making the model work was the study center led by **Edoardo Zanon**, scientific director of the Leonardo3 Museum.

◀ **A TRIBUTE TO ITALIAN DESIGN**

NEW RELEASE On the occasion of the **100th anniversary of Triennale Milano**, the **Museo del Design Italiano**, directed by Marco Sammiccheli, presents itself in a **renewed guise** with a new selection of objects and a new layout, designed by Paolo Giacomazzi Design Studio. The Museum of Italian Design traverses the 100-year history of the Triennale with an itinerary that starts **from the foundation of the institution in 1923** and arrives at the present day.

Located as before in the Curva - over 1,300 square metres on the ground floor of the Palazzo dell'Arte - the Museum brings together **over 300 pieces chosen from among the 1,600 that make up the institution's collections** and others on loan from important private collections.

Museo del Design Italiano
Triennale Milano. Viale Alemagna, 6. triennale.org

The exhibition route will follow a chronological progression in which the **objects that have made the history of Italian design** will be accompanied by archive documents, historical photos, works of art and graphic designs by prominent authors. There will also be **thematic installations** that will host important projects and reproductions of interiors, where the story of significant cultural changes that involved Milan and Italy in the last century will be developed. Another new feature is the **Design Platform**: a space destined to host **temporary exhibitions** with a focus on today's design and occupying the final portion of the Curva.

FABBRICA DEL VAPORE, UNTIL 19 NOVEMBER SALGADO NARRATES THE AMAZON

PHOTOGRAPHY Sebastião Salgado travelled through the **Amazon rainforest** for six years, photographing the forest, the rivers, the mountains and the **people living in the small human settlements** in the heart of the jungle. This exhibition offers a journey into the Amazonian universe through the eyes of the internationally renowned photographer. **A total immersion** that is completed by a **soundscape created by Jean-Michel Jarre** that dialogues with the **more than 200 works** on display. Drawing attention to the breathtaking **beauty** of this region and the **fragility** of its ecosystem, depicted in high-contrast two-tone shots, Salgado invites us to reflect on the ecological situation and the relationship that people have with it today.

OUT OF TOWN

Milan is a mixture of art, culture, shopping and lifestyle and its outlying areas are equally attractive. Discover our pick of these fabulous destinations for an unmissable out of town trip.

Our tour begins on the outskirts of Milan at the 17th-century **Villa Arconati 1** (www.villaarconati.it). Known also as 'the small Versailles of Lombardy', it is set within the vast green spaces of the Groane Park in Bollate. This is a splendid example of Lombardy Baroque architecture, and visitors are welcomed in its frescoed rooms, while summer evenings are jazzed up with a series of concerts and events in its magnificent gardens. We recommend a visit to the **Villa Visconti Borromeo Litta 2** (www.villalittalainate.it) which is just a short distance away in Lainate. This neo-classical jewel of architecture is surrounded by a lovely park that earned the title of the 'Most Beautiful Historical Park in Italy' in 2016. The Villa is renowned for its Nyphaeum and spectacular water features. A mixture of sacred and profane, the Metropolitan City area is interspersed with numerous abbeys. In fact, there are so many that there is even a **Road of Abbeys** (www.stradadelleabbazie.it).

Our route starts from the **Abbey of Chiaravalle 3**, dominated by an imposing, richly frescoed 14th-century bell tower, and continues onwards to the **Abbey of Viboldone 4**, one of the most beautiful medieval complexes in Lombardy, until we reach **Mirasole 5**, a 13th-century monastery which, with its numerous moats, resembles a fortress. After travelling for a few more kilometers, in a southwesterly direction, we come to the **Abbey of Morimondo 6**, a former Cistercian monastery renovated in Gothic style.

The area housing the abbeys is also the heart of the large **Parco Agricolo Sud Milano** (www.parcogricolosudmilano.it). The Park boasts a rich historic and agricultural heritage and comprises old farmsteads, waterways and important residential complexes, including **Gaggiano 7**, which, with its small, pastel-coloured houses nestling on both banks of the **Naviglio Grande**, is well worth a visit.

This charming hamlet can be accessed from the city via a scenic bicycle track skirting the canal. The **Naviglio Martesana 8** also offers views of rare beauty as it flows towards the Adda river. Rural centres are interspersed with expanses of greenery (an absolute must is a visit to the **Adda Park** which can also be crossed by bike or on horseback) and charming urban centres, including **Crespi d'Adda 9**, a late 19th-century workers' village built up around a textiles factory and a UNESCO world heritage site (www.villaggiocrespi.it). Lastly, escape the hustle and bustle of the city centre and take a relaxing break at **Parco delle Cave 10**. Situated just a short distance from the San Siro Stadium, this oasis of greenery is the ideal spot for a long walk or a bicycle ride where you can admire the various bird species that inhabit this beautiful nature park. www.parcodellecave.it

WELCOME TO LOMBARDY

The Lombardy region is **one of the richest in attractions in Italy**. The area, between Switzerland and Emilia-Romagna, Veneto and Piedmont, offers countless **destinations for day trips** from Milan.

In addition to **Milan**, there are **11 main cities** that preserve traces of centuries of art and culture - Bergamo, Brescia, Como, Cremona, Lecco, Mantua, Monza and Brianza, Pavia, Sondrio and Varese - and hundreds of smaller villages with **art, history and traditions**. Giorgio, the prehistoric pile-dwelling sites in the Alps, the Lombard monuments and the city walls of Bergamo.

For those who love **panoramic places**, a trip to Monte **Isola** is a must, with its breathtaking view of Lake Iseo; to the **Sacro Monte of Varese** with a view over the

plain from the Alps to the Apennines; the **Brunate cable car** with an absolute view of Lake Como; the ascent to the **Torrazza of Cremona**, the highest masonry tower in Europe; the **Terrazza del Brivido** in Tremosine overlooking Lake Garda at a height of 350 metres.

LAKESIDE DESTINATIONS

Lying North of Milan, each year the lakes of Lombardy attract millions of visitors thanks to their mild climate, breathtaking scenery, natural beauties and historic and artistic treasures. Don't miss a day at the lake with Trenord with special all inclusive train+boat tickets!

The shores of **Lake Maggiore** wash up on the banks of Piedmont and Lombardy in Italy, while its more austere northern basin lies in the mountainous region of Switzerland. The most famous island, lying just off **Stresa** – a small, elegant town, rich in neoclassic and liberty buildings and a shopping mecca boasting a myriad of boutiques – is **Isola Bella**, anchored like a fantastic ship-garden and dominated by the majestic Palazzo Borromeo, built in the 17th century and rich in art treasures, including the private collection of Milan's most famous aristocratic family. The Borromeo clan also owned **Rocca di Angera**, an imposing fortress (12th-17th century) boasting opulent ambiances, of which the most famous is the Sala di Giustizia. The "Rocca" also has a medieval garden (www.isoleborromeo.it).

Lake Como is the romantic and worldly older sister of Maggiore and Garda and takes its name from the city of Como. "Must-visit" sights include the Gothic **Duomo**, the Romanic basilicas of San Fedele and Sant'Abbondio and the neoclassic **Villa Olmo**. Nestling on the banks of Lake Como in Lenno and currently owned by FAI – a private non-profit trust – **Villa del Balbianello** is a magnificent example of a perfectly preserved 18th century dwelling. Surrounded by a stunning, terraced panoramic garden, with a breathtaking view of the lake, the Villa is one of the area's most romantic retreats. Standing on the tip of a promontory overlooking the waters of the lake, the Villa was chosen by director George Lucas as one of the evocative settings for the famous "Star Wars"

series. Lying just a stone's throw northwest of Como is **Cernobbio**, a small fashionable resort frequented by the wealthy of Europe because of its deluxe hotel **Villa d'Este** and **Villa Erba** where director Luchino Visconti spent his childhood (www.villaerba.it). Continuing North, we find Isola Comacina a jewel of art and nature, rich in Mediterranean vegetation and one of the most important archaeological sites of the dark ages in Northern Italy. In nearby Tremezzo, don't miss a visit to the Baroque-style **Villa Carlotta**, featuring an Italian garden and sculptures by Canova. At the junction of the southern arm of the lake lies **Bellagio**, also referred to as the pearl of Como, set in a

Fine dining at the Anima restaurant

PH. © MARCO PODERI

New Michelin star 2023, the restaurant lives a gastronomic luxury that is also democratic, open to all lovers of good food.

The restaurant opened by **Chef Enrico Bartolini** at the end of May 2021 inside the Hotel Milano Verticale | **UNA Esperienze** has its own old-fashioned futurist "soul". Skillfully led since October of the same year by **Resident Chef Michele Cobuzzi**, the restaurant expresses elegance, comfort and design: a style that counterbalances a cuisine that makes "Milanese" its strong point. Of Apulian origins and with international experience following great masters of

international cuisine, Cobuzzi knows how to interpret the rich heritage of **Italian tradition with modern taste**, also in the kitchen of "Vertigo Osteria Contemporanea" and "Bar con Giardino", also inside the hotel. In "**Anima**", **seven tables open only in the evenings** (also to outsiders), the Chef proposes two gourmet courses: "Intensity" (in eight passages - 150 euro excluding drinks - with the possibility of also opting for three or four courses à la carte, respectively at 90 and 110 euro) and "My certainties" ("A path of small greatness" five passages at 125 euro excluding drinks). The wine list offers a selection of Italian and foreign labels with great personality, carefully chosen by **sommelier Giacomo Morlacchi**.

Particolare, bistrot with garden

In the choice of name, the **Particolare Milano restaurant** reveals its identity: a Milanese location in the **Porta Romana area** that aims to be a welcoming point for those who want to go out but feel at home, who want a cocktail but perhaps also dinner, who come for an after-work aperitif and find themselves in a **garden hidden away in the city**. The atmosphere is "particular", with colour combinations, furnishings studied down to the smallest detail and little references to the last century. A place designed for the city of Milan, which also offers a well-kept and intimate **double outdoor space**, where one can enjoy the cuisine **both in summer and winter**. Milanese tasting

Milan offers a cuisine featuring a number of truly unusual flavours. Here is a brief guide to make sure that you don't miss out on several of the city's best and most typical recipes.

RISOTTO ALLO ZAFFERANO

This is one of the few dishes boasting a specific "birth date". In fact, legend has it that, on 8 September 1574, master glassmaker Valerio di Fiandra was presented with a dish of **saffron-coloured rice** at his daughter's wedding feast after which time it became an iconic dish of Milanese cuisine. Master Chef Gualtiero Marchesi has transformed this delicacy into a real work of art, with the addition of a square of edible gold leaf! We also suggest trying its crunchier version: so-called "riso al salto". Try the creative dishes signed by Carlo Cracco at his restaurant in Galleria Vittorio Emanuele (www.ristorantecracco.it)

COTOLETTA ALLA MILANESE

Mentioned for the first time in 1500 at the court of the Sforza, its "invention" was a source of contention with the Viennese who laid claim to its origin. According to the traditional recipe, the **veal slices** used should be at least as thick as a finger, **coated in egg and bread** crumbs and deep fried in butter. One of the best places to eat breaded veal cutlets in Milan is at "Da Giannino" (www.gianninoristorante.it) or at the "Al Garghet" restaurant (www.algarghet.it).

RISTORANTE DA GIANNINO - PH © CARMINE ARRICHELLO

TRIPE (OR BUSECCA)

A hearty winter dish that will keep the cold out, its main ingredient is the **stomach lining of sheep or cows**. It was originally served to celebrate special occasions in the peasant world. Try the fried variant on the menu of the eponymous trattoria Trippa Milano, on Via Giorgio Vasari 3 (www.trippamilano.it).

CASSOEULA

According to the history books, composer and conductor Arturo Toscanini was mad about this dish made from **pork** (sausages, pork rinds and spare ribs) and **cabbage**. For a taste of old-world Milan, suggest you try it at "Antica Trattoria della Pesa" in Via Pasubio (www.anticatrattoriadellapesa.com).

MONDEGHILI

Small **meat balls** fried in butter and oil and a signature dish of renowned chef Bruno Barbieri who has made them an art form. You can taste the traditional Milanese meat balls at "Al Matarel" (www.almatarel.it).

PANETTONE

Boasting 500 years of tradition, panettone is a type of large, **sweet bread**, leavened very slowly and enriched with **raisins and candied fruit**. Amidst history and legend, the theories as to the origins of

panettone vary widely. One of the most romantic is the story linking its invention to Ugo, a young falconer employed by Prince Ludovico il Moro. Ugo yearned to conquer the heart of the daughter of a poor baker named Toni. To win her over, the nobleman disguised himself as a baker and invented a rich bread in which he added to the flour and yeast, butter, eggs, dried raisins and candied lemon and orange peel. The fame of the bread spread far and wide and became known as "**Pan del Toni**" (Toni's bread). According to history, the tradition of panettone is documented by a manuscript conserved at the Biblioteca Ambrosiana dating back to the 15th century. Already at that time, on the night of 24 December, it was customary for the pater familias to place a huge log in the fireplace and to slice the large loaf of bread which he then distributed among those present. From a gastronomic point of view, the distinguishing feature of panettone is that it is **leavened two or three times**. Its golden colour derives from the skilful combination of butter and egg yolks, while its overall beauty is completed by the orange, green and brown notes resulting from the addition of candied fruit and raisins. The gourmet trick is to warm it for a few minutes in front of an open oven or on top of a radiator before serving it.

» **Dulcis in fundo**, are the city's famous desserts, pastries and confectionery. In addition to world famed Italian gelato, an absolute "must" in summer, year-round you can also try Milan's traditional Tiramisù (although the main ingredient of the classic recipe includes coffee, there are also other variations on the theme) and Profiteroles, mouth watering chocolate coated puffs filled with custard. Finally, there are also a number of other typical delicacies that are prepared during the holiday season including Colomba (at Easter) and Chiacchiere and Frittelle (at Carnival) and panettone (at Christmas).

Milan is the home of the Aperitivo

Aperitivo and Happy Hour in the city are most definitely a ritual which no Milanese is prepared to forego

The Aperitivo, the beloved Milanese tradition of pre-dinner drinks, is accompanied by complimentary "stuzzichini" and an all-you-can-eat buffet. Spreads range from traditional olives, nuts, cheeses and potato chips to awesome pasta dishes, "bruschetta", cold cuts, crudités, raw fish and fruit salads. Generally, lasting **for 3 hours from 6 to 9pm** (though most people rarely get there until 7pm), the aperitivo scene has become an **evening meeting** for people of all ages. Cocktails – alcoholic or not – are expertly mixed and a Negroni, Negroni sbagliato (a delicious mix of prosecco, red vermouth and Aperol instead of gin) or a Spritz are **Milanese specialities**. Favourite beverages consumed during this beloved tradition in Milan include also the city's renowned Martini, Prosecco or Campari, accompanied by an **all-you-can-eat buffet**.

TYPES OF VENUES

A myriad of venues, ranging from the smallest bars to larger, uberchic locations situated in the heart of the city, organize this event. There are 3 types of venues: **design bars, traditional bars** (the places that have written Milan's history) and, the latest trend, all **luxury hotel bars**.

WHERE TO GO

There are endless aperitivo options. Several of the most famous are situated in **Piazza Sempione** or **Corso Como** and offer a stretch of great bars with a glam vibe where,

Navigli

if you're lucky, you might run into a famous super-model or footballer. Others also worth note, featuring a more laid-back atmosphere, can be found in **Brera** or the **Navigli** area. A sign of a popular place are crowds of young people spilling out onto the streets with a drink in one hand and a plate in the other. Recently, even an aperitif in the **CityLife Shopping District**, under the archistar-designed towers, has become a trend among the Milanese and international guests. A stop at the Peck wine and cocktail bar is a must. A fabulous idea to relax at the end of a long day and the perfect opportunity to enjoy a fabulous cocktail paired with **good food at affordable prices**.

AFTER THE APERITIVO...

In fact, during aperitivo hour, people start thinking about **where to go for dinner**, in a city boasting a highly eclectic offer. There are **three main areas** dedicated to nighttime entertainment featuring a concentration of venues:

- **Navigli District:** an area characterized by places offering live music, patronized by artists, models, musicians and university students. Must-try options are its boat bars and the area's old

osterie where you can sample an array of wines, cold cuts and typical cheeses.

- **Brera District:** an historic area boasting a warren of characteristic venues offering live music and, believe it or not, fortune-tellers who are happy to predict your future for a small fee...

- **Garibaldi district & Corso Como:** this is Milan's most fashionable area by night, where not only will you find a bevy of pizzerie, restaurants, pubs and discotheques, but also possibly chance upon showbiz celebs and sports heroes.

INSIDER TIPS

Drink prices range from about 7-10 euros although several of the **more luxe, upmarket places might ask as much as 15 euros**. **Not only will you be paying for a more lavish buffet but it will probably also serve as your ticket to VIP and celeb watching**. Milan is the capital of cocktail hour snacking and practically ever bar and club in the city offers some kind of happy hour, competing to offer the most alluring pre-dinner scene in town.
